GRISCOM BEARER OF TAFT MESSAGE

New York Republican Chair- Sees Roosevelt at Sagamore Hill.

SECRECY MARKED CONFERENCE

Supposed Effort to Obtain Former President's Outspoken Political Support—Says They Agree on New York Politics.

Oyster Bay, N. Y., Aug. 15.—No tidings went forth from Sagamore Hill today at the conclusion of the conference between Theodore Roosevelt and Lloyd Griscom, chairman of the New York Republican Committee. The county chairman is known to have been the bearer of a message from President Taft, and it was generally supposed that the message was sent in the hope of obtaining Col. Roosevelt's outspoken support for a move to obtain harmony within the Republican party. But when Mr. Griscom went away, after a talk which lasted most of the day, the only thing he was willing to speak about was the New York State situation. He said Taft and Roosevelt were in full accord in that regard.

Colonel Roosevelt would not allow interviewers to get any closer to his house than the tennis court at the bottom of the hill.

Mr. Griscom was not anxious to make it appear that he had come to Sagamore Hill as an emissary from the President. He not only said that the President had not sent him, but he added that Mr. Taft did not know that today's conference was to be held.

"How do the views of President Taft and Col. Roosevelt coincide with reference to National politics?" Mr. Griscom was asked.

"I did not discuss National politics to any great extent with President Taft," he replied.

"Are they agreed as to the New York State situation?"

"Yes, I have discussed candidates and platforms, and the whole New York State situation with both of them, and their views coincide."

Mr. Griscom said that no names had been mentioned prominently for the gubernatorial nomination, a great many had been considered.

PROBING SHIP ROBBERY.

Detectives Unable to Apprehend Guilty Party on Franklin.

Norfolk, Va., Aug. 15.—All of those arrested on the U. S. S. Franklin in connection with the safe robbery in the pay office of that ship about 40 days ago have been released.

The watchman, who was supposed to have been on duty on the night the safe was robbed and who left his post, was restored to his former position on Saturday.

But before this was done, he was tried on a general court martial, was found guilty of leaving his post of duty, sentenced to one year in Boston and given a dishonorable discharge.

The court then recommended clemency on account of his past good record and the Navy Department suspended the sentence and placed the man on probation for one year and restored him to duty.

So far the officials are as far from ferreting the robbery as when it first happened.

"Uncle Sam's" sleuths, assisted by the Pinkerton men, are still working on the case, but from what can be learned there is little prospect of bringing the guilty parties to justice.

POPE HAS CONFIDENCE.

Believes Church Will Win in Fight With Spanish Government.

Rome, Aug. 15.—There were no developments in the controversy today between the Vatican and Spanish government. On account of religious festivities all work at the Vatican was suspended and the Pope gave no audiences.

Cardinal Merry Del Val the Papal Secretary of State, remained throughout the day at his Summer residence on Monte Mario, but he was in communication with the Pope for a period by telephone in the afternoon. He said that he did not expect to come to Rome until Friday morning when he will receive the diplomatic representatives. The Pope again expressed confidence in the ultimate success of the church in the fight for its rights.

AMERICAN'S CASE PUZZLING.

Youth in London Loses His Memory Says He's a Drexel.

London, Aug. 15.—The American embassy is investigating the puzzling case of a young American who has completely lost his memory and is now an inmate of St. George's Infirmary, Chelsea. He is apparently well born and educated and thinks that his name is John Drexel. He talks incoherently of Chicago and Boston.

Anthony Drexel, of Philadelphia, went today to see him but failed to recognize him as a member of the family. Nothing was found in his pockets nor were there any marks on his clothes to give a clue to his identity and he is supposed to have been in the company of some man who took everything that he possessed.

CAUSES FOR HIGH PRICES ARE GIVEN

Senate Committee in Minority Report Attacks Tariffs and Trusts.

RESULT OF INVESTIGATION

Almost Every Reason Advanced Was Availed by the Committee—Tell of Discrimination and Make Comparisons.

Washington, Aug. 15.—The tariff, trusts, combines and monopolies and an increased money supply, are the three substantial causes for the advance in prices in the United States, according to Senators Johnson of Alabama; Clarke, of Arkansas, and Smith, of South Carolina, minority members of the select Senate committee, appointed during the last session of Congress to investigate and make a report on wages and the prices of commodities.

Vigorous attack is made in the minority members' report on almost all the reasons given by the majority in its report, submitted some time ago, as to the cause for the advance in prices.

"We are without sufficient data," say the minority members in their report just completed, "to apportion the degree of responsibility between these three causes, but that the two first are the chief malefactors we have no doubt; and they are of our own creation or permission."

After attacking, one at a time, the fifteen principal causes contributing, according to the majority report to the high cost of living, the minority take up the tariff, declaring that when the Payne-Aldrich bill was framed "champagne was put on the schedule at from 54 to 66 per cent., while wearing apparel was taxed from 80 to 92 per cent.—drinking champagne was to be encouraged and wearing woolen clothes discouraged. So with hats," they add, "those bringing not over $4.50 per dozen were taxed 77 per cent. and those valued at more than $18 per dozen 47 per cent."

The result of protection, they declare, is "great fortunes for the few and great suffering for the many. We believe," they say, "that the amount of the tariff is added to the price and taxed to the consumer; that but for the tariff the commodities we buy upon which that tax is laid would be cheaper, approximately to the extent of the tariff; and that when we do not buy the imported article the protected manufacturer puts approximately the amount of it on the goods produced by him."

"It is difficult to understand how anyone can favor high rates of duty if he does not honestly believe that it will increase the prices to be realized by the manufacturers producing the article affected, by diminishing or destroying competition, and thus necessarily increasing the cost to the consumer. Then we were many times mournfully warned that any reduction in rates would flood our country with lower-priced German products, and that the smoke of American manufactures would disappear from the heavens. Now we are informed that the tariff has not increased the cost of these articles entering into every household and administering to the health and comfort of every family."

Showing the effect of the tariff on prices, they instance sugar, on which the New York consumer, they say, pays more than the London consumer by the difference between the sugar tariff in the two countries, plus 17 cents per hundred pounds.

"It is scarcely necessary," they add, "to mention the iniquitous woolen schedule—where the tariff rates are so high on these necessities of our people as to practically preclude any foreign competition with the American manufacturer, except on high-priced goods purchased by the wealthier consumer, who can, to some extent disregard prices."

Taking up the subject of trusts, combinations, and monopolies, they declare that "there are few trusts that could survive a revenue tariff. They flourish only under the shadow of high protective walls. Standing behind these walls that shut off foreign competition and destroy domestic competition by consolidations and absorptions, they are limited only to selling at a fraction less than the foreign price plus the protective tariff duty. That they reduce cost of production seems certain, but it is in rare cases that the public or the laborers employed by them participate in the enlarged profit. So enormous have been their profits that we find organizations springing up all over the country, like the Elgin Board of Trade, the wholesale grocers, lumber dealers—associations that have contributed largely to the advance in prices and the frauds perpetrated by manufacturers of certain goods reducing the weight of contents of packages from 20 to 50 per cent. and maintaining the same price."

"The methods of the meat trust," they declare, "seem to be admirably adapted to taking from the consumer and the producer the largest amount that the traffic will bear. Their destruction of local competitors

READY FOR WARM TENNESSEE FIGHT

Republicans to Nominate Candidate to Oppose Patterson Today.

SOME ISSUES IN CAMPAIGN

Republicans Have Support of Independent Democrats — Governor Proposes to Wage Aggressive Fight—General Situation.

Nashville, Tenn., Aug. 15. — Newell Sanders, chairman of the Republican State Committee, seems ready tonight to put his hand on the throttle when the State convention of his party meets here tomorrow. He favors Robert S. Sharp of Chattanooga, for Governor. Tonight his vote as committee chairman named Hon. A. A. Taylor, of Washington county, for temporary chairman of the convention. The vote was a tie between Taylor and E. B. Anderson, of Memphis, and the chairman was called on.

G. M. Henderson, of Grainger county, is spoken of as for permanent chairman. The nominee for governor will receive the support of the Independent Democrats, in addition to the Republican strength.

Governor M. R. Patterson is preparing to make an aggressive campaign. His friends express confidence in the outcome, and it is certain that the battle will be a fierce one. Tonight the State committee passed on three county contests, all of which will be appealed to the Credentials Committee tomorrow. They are Montgomery, Obion and Bedford. A number of names are mentioned for the gubernatorial nomination tonight, the most prominent ones being Robert S. Sharp, of Chattanooga, Chief United States Postoffice Inpsector; John W. Overall, Dekalb county; Ben W. Hooper, Cooke County; H. B. Lindsey, Knox county; G. M. Henderson, Graing county, and Foster V. Brown, of Hamilton, attorney general for Porto Rico.

The negro question was brought to the front in some of the contests tonight, and in each instance the colored was the leader. The leaders are expressing themselves as greatly incensed over the treatment received, and are preparing for a big contest tomorrow.

The platform tonight will, it is reported, contain a plank demanding that no backward step be taken in the matter of prohibition legislation.

BRIGHT FOR GAYNOR.

Surgeons Predict He Wil be Able to Leave Hospital Soon.

New York, Aug. 15.—Mayor Gaynor's progress toward recovery from the bullet wound inflicted by James J. Gallagher was uninterrupted by any untoward symptom today. All official bulletins were of the same tenor as those heretofore issued. Surgeons predict that he will be able to leave the hospital for the Adirondacks in two weeks' time, and be back at his desk in the City Hall within a month.

Rufus Gaynor, his son, is even more optimistic. Father and son discussed briefly today the incidents of the shooting. After the conversation the Mayor sent Rufus to New York to purchase toys for two orphans who are invalid ward mates in St. Mary's with the wounded Mayor.

Detectives are carefully investigating the rumor that Gallagher was the tool of others who sought to take the Mayor's life, but so far not a shred of evidence to support this has been found.

It was learned today that the Mayor was inoculated with tetanus anti-toxin as a safegurd.

New York, Aug. 15.—(Midnight.)—"The Mayor has been sleeping since the last bulletin.

BALLINGER ON CONSERVATION.

Secretary Spoke at Dinner in His Honor in Oregon.

Klamath Falls, Ore., Aug. 15.—In a speech at a dinner given in his honor at Eagle Ridge yesterday, Secretary of the Interior Ballinger said that fidelity and economy in the conduct of business and common sense in the handling of the country's resources constituted conservation.

He added: "Every acre of agricultural land in the United States is bound to be needed to raise food products for our own people. The time is past in this country when we can skim the cream and ignore a system for making the best use of everything we have. While in the past we may have seemed wasteful, we have also been progressive. The time has now come when we have got to be economical, and we must use common sense in the handling of the resources we have. That is all there is in conservation.

"I believe it is safe to say that only a small portion of the Western people are public land criminals and disposed to take advantage of the Federal government. Whoever they are, I believe in the rigid enforcement of the law."

FEATURE OF POSTAL BANKS

Hitchcock Informed That Certificates of Deposit Will be Used Instead of Pass Books—Commission Gives Plans.

Washington, D. C., Aug. 15.—Postmaster General Hitchcock today received a report from the Commission of Organization of the Postal Savings Bank system in favor of the use of certificates of deposits instead of pass books as previously decided upon by the commission in framing its tentative plan. The system proposed contemplates a mechanical method for keeping the records of the Postal Saving banks which would render unnecessary a great part of the bookkeeping that would be involved in the pass book system.

Under this plan every depositor of amounts from $1 to $9 will be given a certificate punched in duplicate to show the amount of the deposit. He will be required to sign this certificate in duplicate, the postmaster retaining one of the certificates. On the back of this evidence of the deposit will be engraved interest computations showing exactly the amount of interest due at the end of any interest period. For sums of $10, $20 and $50 there will be separate certificates, also in duplicate. These certificates will constitute the records of the Postmasters.

Mr. Hitchcock today approved the form and engraving of a stamp of deposit for amounts of less than $1. This stamp representing ten cents in value is artistic and is printed in chrome orange.

Mexico City, Aug. 15.—E. N. Brown, president of the National Railways of Mexico, has been appointed vice president in charge of maintenance and operation of the Pan American Railroad by President David E. Thompson, of that road.

TAFT AND CRANE MEET TODAY

Monday Off-Day of Big Political Week at Beverly—President Sees Former Philippine Governor—Arrest Was Made.

Beverly, Mass., Aug. 15.—This was one off day in what promises to be a big week politically in Beverly. President Taft had but two engagements, and Secretary Norton was out of town. Tomorrow Senator Crane, who has been on an automobile tour through New Hampshire and Vermont will be here.

The President told Leonard Osories, a former governor of one of the Philippine Provinces, that he might visit the Philippines during his term of office. Mr. Osories asked the President when he thought independence would be granted to the Filipinos. Mr. Taft, it is said made an answer saying that it would not come to the present generation, nor with the next but that the third generation might enjoy it. Mr. Taft told his visitor that no one could be more interested in the Filipinos than he and said he hoped to visit them again before retiring to private life.

Judge D. D. Woodman, of Cincinnati, an old friend of the Taft family, was the President's second caller.

There was an amusing episode on the lawn of the President's cottage this afternoon following the second arrest of the Summer. A mild mannered old man drifted along the driveway leading to the cottage until he was stopped by Secret Service Agent Sloan. When asked his mission, the old fellow replied that he wanted to see the President regarding a message. Sloan told the visitor that he had better apply to the executive offices in the city and was about to dismiss him when the man wheeled around and said:

"I am also the man who is responsible for the stories that have been sent out of Beverly about the reorganization of the Republican party." Sloan immediately took the man into custody.

When examined the man was found to be J. F. O'Connor, a former patient at the State farm for the mentally infirm. He was released some time ago as harmless.

CAROLINA WOMAN KILLS SELF

Miss Campbell, of Edgemont, N .C., Took Dose of Rat Poison.

Atlanta, Ga., Aug. 15.—Miss Emma Lee Campbell, aged 25, of Edgemont, N. C., who was a student at a local business college, died at a hospital here tonight as a result of a dose of rat poison, taken this afternoon with suicidal intent.

She explained shortly after she had taken the poison the reason for her act was that she quarreled with one of her teachers.

The body will be sent to North Carolina for interment.

Nashville, Tenn., Aug. 15.—A petition in involuntary bankruptcy was filed here today in the United States District Court against the Bon Air Coal and Iron Company. Application will be made tomorrow for a receiver under the bankruptcy petition. The amount involved is not made public.

TROOPS TO QUELL COLUMBUS STRIKE

Governor Harmon Tired of Continuous Rioting in Capital of State.

SITUATION MORE SERIOUS

Declares the Police Force Too Small to Cope With Strike—Cars Operated, Despite of Request of City Officials.

Columbus, Ohio, Aug. 15.—Governor Harmon today issued the following statement relating to the street car strike here: "I have ordered a portion of the National Guard to report for duty at Columbus forthwith. I have done this of my own motion under my authority as Governor.

"The police force of the city, which is entirely too small at best, has been reduced and demoralized by the open mutiny of many of its members. It has shown itself incapable, without help, of maintaining order. A continuance of this condition would disgrace the State and inflict grievous injuries on its capital city.

"Wherever the blame rests, for it surely rests somewhere, the menace of the situation is beyond qustion. And I am unwilling to let lawless violence run unchecked, for lack of sufficient force to cut it down, while the police force of the city is being recruited and reorganized and the sheriff is summoning the men of the country to uphold the public authority. It does not mend matters to say the local authorities should have taken these steps sooner, though this is true. Let them be taken now, without delay."

The Governor urged every citizen to aid in the preservation of order, to demonstrate themselves worthy of self government.

Mayor Marshall tonight called on the Columbus Railway and Light Company to keep their cars in the barns after dark, until peace is restored.

Despite the request, cars were operated during the early hours tonight. The police rode on the cars, as they have been doing for four nights.

Friends and advisers of Governor Harmon were greatly perturbed by a remark attributed to Mayor Marshall, when informed that the Governor had gone over his head and summoned troops, whom he purposed to direct in quelling riots without consulting the Mayor. Mayor Marshall was reported as having said the Governor and his generals could go to hades, so far as he cared. The Mayor was asked about the report. He declared that remark was not made by him.

The Builders nd Traders Exchange, comprising the principal contractors of the city, at a meeting today adopted resolutions calling on the Governor to suspend the Mayor.

Cincinnati, Ohio, Aug. 15.—Acting under orders by Governor Harmon, 300 members of the First Ohio Regiment left here tonight in a special train for Columbus to enforce order during the traction strike. Each member is provided with 20 rounds of ammunition.

KENTUCKY REPUBLICANS.

Held Convention at Louisville and Named McGee for Congress.

Louisville, Ky., Aug. 15. — United States Senator W. O. Bradley was the principal speaker at the Fifth District Republican Convention tonight, which nominated J. Wheeler McGee, of Louisville, for Congress, to oppose Swager Sherley, the Democratic incumbent.

Senator Bradley's speech marked the real opening of the Congressional campaign in Kentucky. He paid a high tribute to the Republican party and the administration of President Taft. He referred to the fact that the deficit of $58,000,000 which faced the President when he entered office had melted away, and that there was now a surplus of $20,000,000.

"The tariff bill nas brought prosperity," said the Senator, "and is rapidly bringing more. The song of prosperity is marred alone by the usual discordant notes of Democratic croakers and a handful of insurgent Republicans, who arrogate to themselves all the wisdom and honesty of the great party to which they claim allegiance.

"They have had considerable encouragement in Kansas and Iowa, but when we remember the records of the States on populism and greenbacks, and how the Republican party was defeated by these heresies, we are not astonished at the present condition of affairs, and we indulge in the hope that their sanity will return in a few years."

CAROLINA FARMER INJURED.

Fatally Struck by Negro, and Posse Are Making Search.

Danville, Va., Aug. 15.—Several different posses are tonight scouring the country in the vicinity of the Virginia-North Carolina border line, five miles south of here, for Jesse Watkins, a negro, who on Saturday night fatally injured William Nash, aged 45 years, and a well known farmer of Purley, N. C.

Nash died this afternoon at the General Hospital from his injuries. The assault took place at a store near the edge of this county. Nash was driving off in his wagon, when the negro struck him over the head with a rock, crushing the skull in several places.

SCHEME OF GRAFT IN INDIAN LANDS

Deals of "Land Grabbers" Declared to be "Disgrace to Oklahoma".

STARTLING DISCLOSURE MADE

Land Dealers Took Advantage of Minor Indians — A Chickasaw Stated the Conditions—Plan to Enrich Themselves.

Sulphur, Okla., Aug. 15.—Details of an alleged scheme by which "land grabbers" organized systematically to enrich themselves at the expense of minor Indians, were related at the Congressional investigation into Indian land affairs today.

In one instance, it was asserted, the cost of disposing of the property of an 8-year-old Indian was $2,075, more than the property brought. The condition which permitted this and simlar deals was declared to be a "disgrace to Oklahoma."

Hearing that the scheme prevailed generally, Representative Philip P. Campbell, of Kansas, a member of the investigating committee put on the stand by James Yarborough, a Chickasaw Indian by intermarriage.

"Do you call this sort of thing grafting or just plain stealing?" asked Mr. Campbell, after the witness had related the circumstances.

"Well, the people down our way think it is a scandal that the laws permit such a thing, and we think it is time that Congress take notice of it."

The probate court at Durant allowed the guardian to sell for $2,800 a tract of 140 acres of allotted land owned by an 8-year-old Indian. The guardian then put in a claim on the proceeds.

The claim included $850 for acting as guardian, $1,650 for improving the land, $500 for a barn, $60 for posts, $250 for fences, $68 for witness fees, and more money for other purposes.

It was found when the deed was closed that the child owed his former guardian $2,075. Now the guardian is threatening to have the other property of the child sold in order to get the $2,075.

"I knew of another case in which 325 acres were sold for an Indian minor, and when all the claims were paid the child got only $350. In another instance $1,500 was obtained for 200 acres, but the child got only $120. In other words, the children of deceased Indians in this State, where are situated one-third of all the Indians in the United States, are systematically robbed of the estates allotted them by the government. The property is sold at prices dictated by the land robbers. The children are robbed at one end by their guardians, and at the other end by the purchasers."

"Do you mean to say that such things are countenanced by the probate course?"

"Yes. They go on with full knowledge of the judges."

"Thousands of acres of property thus are taken from the Indians and thrown into the hands of white people, the Indians getting poorer and the land grabbers richer."

Most of today's testimony was given by witnesses for the defense. J. F. McMurray, whose 10,000 contracts allowing him a 10 per cent attorney's fee for the sale of $30,000,000 worth of Indian land, caused the present investigation, sought to show that a large percentage of the signers were still in favor of his terms.

SEMINOLE SECURITIES CO.

C. J. Herbert Files Answer in Court at Raleigh, N. C.

(Special Star Telegram.)

Raleigh, N. C., Aug. 15.—In the famous case of the Seminole Securities Company against the Southern Life Insurance Company, Fayetteville, involving fraudulent stock and insurance deals that stirred such a commercial scandal once while in North and South Carolina, there was filed today in the Federal Court here an answer by C. J. Hebert, now in Tennessee, to the cross bill of the Southern Life Company, seeking to restrain Hebert from realizing on $63,000 Seminole securities he received in alleged graft for ngotiating the sale of the Southern Life to the Seminoles Company, the effect being to force a surrender of these securities by Hebert as having been gotten fraudulently.

The answer sets up a complete denial of the charges of fraud. In his answer Hebert declares that the receiver of the Seminoles Company and the Southern Life are both exercising undue haste in winding up the affairs of the two defunct corporations, with a view to stopping him from a just realization on the Seminole securities he holds, that he says are secured by the assets of the Southern Life.

CONVICT KILLED.

Attempted to Run From Wake Chaingang, and Was Shot.

Wilmington at Raleigh.

The first game of the series between Wilmington and Raleigh on the grounds of the latter was rained out yesterday, though games were played at Wilson and Fayetteville, both leaders in the percentage column having lost, so that Wilmington continues to have a good look-in for the pennant. Having defeated Raleigh three straights on the local diamond ,the Sailors should be able to get at least two out of three on the trip. It is likely that a doubleheader will be played today or tomorrow.

BASEBALL AT GOLDSBORO.

Some Gossip of the Diamond—Home Run McDonald.

(Special Star Correspondence.)

Goldsboro, N. C., Aug. 15.—A new pitcher has joined the Goldsboro Giants, and the fans are now a little more hopeful that Goldsboro will have a chance to capture the second series of the pennant. The name of the new pitcher is Harrell and he is a southpaw. Several hundred dollars has been added to the treasury of the local Athletic Association during the past month due to local entertainments and the Association is now in fairly good circumstances.

In discussing the matter in regard to which of the six clubs now composed of the Eastern North Carolina League will capture the 1910 pennant, many of the local fans think that Raleigh will be the winner, while others have picked Wilmington, but the teams are now so evenly matched until it seems that the race is going to be an exciting one as well as a hard struggle for any club to stay on top very long at a time.

Infielder Brown, who has been in attendance at the bedside of his mother, has again joined the Giants and will be a great benefit to the team as they have greatly missed him while he was away.

A short while after "Cy" McDonald joined the Goldsboro Giants he made a wager with several of his teammates that he would knock a ball over the fence on the local diamond, and further, that before the season was over he would do the same "stunt" on each visiting diamond. From present indications it would seem that "Cy" will soon have the stake holder "handing him something." Up to the present date he has succeeded in knocking a "homer" at Wilmington, Raleigh and Rocky Mount, and on several occasions he has hit long drives on the local grounds that only missed going over the fence by a very slight margin. But, anyway, here's hoping the popular "big boy" and all-round ball player will yet succeed in winning his wager, as well as the pennant for 1910.

COTTON IN NEW YORK PORT

Operations of So-Called Patton Pool Creates New Condition.

New York, Aug. 15.—The congestion of baled cotton at this port following the bull operations of the so-called Patton pool has created a condition in shipping circles here which on the surface would be indicative of the early re-establishment of the country's trade balance, were it not offset by stagnation at other ports.

Owing to the abnormal quantity of the staple brought here for delivery by the shorts, steamship lines have been swamped with freight all through June and July and it is only now that the vessels engaged in trans-Atlantic freight can find accommodation for the merchandise offered them for passage. What New York gained in exports of cotton nowever, has lost by New Orleans, Galveston, Savannah, and other Southern ports, the cotton exports for July covering the entire country showing a decrease over 1909 of 30,000,000 pounds. At New York, however, exports of merchandise during July increased upwards of 5,000,000.

WATCHING CUBAN LEADER

Detectives Sent by Governor to Jamaica For That Purpose.

Kingston, Jamaica, Aug. 15.—Two detectives of the Cuban government staff are here shadowing Colonel Janet, the Cuban leader, wch arrived at Port Antonio in a sloop July 29th, having left Cuba at the time of the insurrection started by General Miniet near Santiago.

The detectives have under observation also other Cubans, who are suspected of being here to receive munitions of war for transshipment to Cuba for revolutionary purposes. The officers refuse to disclose any details of their mission, but they are keeping the closet watch among the Cuban residents of Jamaica.

Fayetteville, N. C., Aug. 15.—After Brandt had Goldsboro snut out 2 to 0, he weakened in the 9th today and his support weakened with him, the Giants tieing score on three hits, and error with two out. They netted two more in the 10th on a two bagger, an error, a sacrifice, and an infield out. The highlanders' two runs, which seemed good for the game, were earned by Cantwell's double, Mellon's single and O'Halloran's out, Mullen scoring from second on the latter play.

Score 3 to 2 in Favor of the Railroaders Yesterday—Foreman Sent to the Shelter in Favor of Hearne.

(Special Star Telegram.)

Wilson, N. C., Aug. 15. — Wilson slumped to Rocky Mount today. Foreman was in the box for the champions and Wilson for the Railroaders at the beginning of the game. In Rocky Mount's second inning on three hits, a sacrifice and an error, Gillespie and Forgue scored, and in the third on a pass, a sacrifice and a three-bagger, Stein ran the score up to three. Foreman was then retired to the shelter, and Hearne went in the box, and in the fifth inning Benbow and Hearne crossed the home plate, when the scoreboard read Rocky Mount 3, Wilson 2.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

New Perfection
WICK BLUE FLAME
Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no drudgery connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till its fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

AFFAIRS AT STATE CAPITAL

State Corporation Commission Investigating Wreck—Noted Chicken Thief Caught—Asheville School Girls—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 15.—The investigation of the cause of the wreck in the Union passenger station yard here Saturday morning that caused the death of two moonlight excursionists and the injury of 14 others, cannot be completed by the Corporation Commission until September 2nd, on account of not being able to get the members of the crews of the two trains—Seaboard and Southern—here earlier to testify.

The investigation thus far indicates that there was carelessness in adjusting the yard switch after the entrance of the excursion train, and also that the Seaboard train came into the yard under too high speed, so that the engineer could not stop his train quickly enough to avert the wreck.

The Raleigh police are rejoicing over the capture of the remarkably bold chicken thief who "lifted" 22 odd chickens from the commercial coop of Groceryman Smith, at the corner of Salisbury and Jones streets, on a Sunday night some weeks ago, the theft being right under an arc electric light in a very public part of the city. Last night Policeman Bailey was standing in a shadow near the store, and saw a negro working quietly at the coop. He was muttering at the same time, "Dat store man shouldn't ought to leave chickens out dat way in the night-time." The officer made a rush for Sambo, who ran off. A pistol shot by the officer caused him to fall, through fear of being hit. The officer took him in and found four chickens in his roomy pockets. Their necks had been broken at the coop, without one of them being permitted to give a single "squawk."

A. C. L. TELEGRAPHERS.

Working Out Details of Increased Pay. Wreck at Greenville.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 15.—While it was not given out before the meeting, it was learned on Saturday afternoon that the superintendents of the first division of the Atlantic Coast Line and representatives from the telegraph operators were in session here Saturday morning for the adjustment of the details concerning a raise in pay that has just been given the knights of the key all over the entire system.

All of the superintendents over the first division, the assistant superintendent and the general superintendent met for a several hours' session in the office of the general superintendent here. Recently the officials gave to the operators over the entire system an increase in pay amounting to 9 per cent, and the same became effective August 1st. In addition to the adjusting of the details of the distribution of the raise in pay, there were several other items of importance concerning the welfare of the company that were brought up and discussed, though there were none of public interest. The officials and operators from over the entire division returned to their respective homes on Saturday afternoon and night.

Passenger train No. 59, on the branch line of the Atlantic Coast Line, between Welden and Kinston, was wrecked yesterday afternoon at Greenville. Yesterday afternoon a heavy rain at Greenville had just preceded the arrival of the train, which is due there about 6:30 o'clock, and the train was running at a lively clip when it struck a huge sand pile on its track at the intersection on Second street. The engine, tender and the baggage car left the track, but they were running at such a rate of speed that they went 25 yards beyond the point of derailment, and the engine and tender turned completely over and rolled down the embankment. The baggage car remained upright, though derailed.

There was no one hurt in the accident, which is little short of marvelous, when it is considered that the iron monster left the track while running 30 miles an hour, and that it went 25 yards and then rolled entirely down an embankment and turned completely over. The wrecking crew from this city was called to the scene, which was reached shortly before midnight, the delay in getting the telegraphic report here having been due to a paralyzing of the wires of the company by the storm of the afternoon. The track was cleared and the train was routed through to Kinston at a late hour last night, having been delayed about eight hours.

ENGINE RAN AWAY.

Shifter on Goldsboro Yards of Norfolk & Southern Ran Away.

(Special Star Correspondence.)

Goldsboro, N. C., Aug. 15. — Early yesterday morning a Norfolk Southern shifting locomotive became its own master in the yards in the northern part of the city, and for a time gave the train crew a lively chase. The yard engineer had left the locomotive on a sidetrack and gone to breakfast, when in some way the throttle was opened, the locomotive, increasing in speed as it went, passed safely through several switches and out on the Southern track on Center street, going through the center of the city. When it passed the Kennon Hotel those who saw it say it was running at the rate of at least 35 miles an hour. They were, however, aware that it was wild,

The first person to discover the missing locomotive was the colored fireman, who happened to be near when it made the wild dash. He ran down the track and secured a Norfolk & Southern passenger locomotive and, calling a flagman and the yard brakeman, the three boarded the locomotive and gave chase.

The runway locomotive was overtaken about two miles from the city, near Little river. Both locomotives were running at high speed, when sudnely and without the least warning the runaway locomotive left the track and came to a dead standstill, while the locomotive giving chase, which was running at such a rapid speed it was impossible to avoid a collision, crashed into the other, with the result that both were badly smashed up.

Fortunately only one of the chasing crew was injured, he receiving same by jumping when he saw that collision was imminent. The other two jumped, but were only shaken up a bit.

The track the runaway locomotive was on connected with the main line of the Southern Railway about three quarters of a mile further out from the city, and no doubt there would have been a terrible wreck if it had not left the rails when it did, as the Southern passenger train from Raleigh was at that time nearing the junction.

LITTLE GIRLS KILLED BY TRAIN.

Horrible Accident on Southern Railway Near Thomasville Sunday.

(Special to The Charlotte Observer.)

High Point, Aug. 14.—This city was shocked this morning when the news of the horrible accident at Lake reached here telling of the killing of two small girls by train No. 44. Little Vada Cook and Hazel Myers left here on train No. 11 this morning with their mothers to visit relatives near Lake, and after leaving the station at Lake they were walking long the track watching a freight train going South when 44 came along, running them down.

It seems the children were some distance in front of their mothers and could not be warned of the approach of the train, which was coming around a sharp curve. Mrs. Cook and Mrs. Myers returned to this city on train 44, but could not bring the bodies with them on account of the coroner's inquest having to be held first. Both girls were about 9 years of age. Hazel Myers was the daughter of ex-Policeman James Myers, living on Tate street, and Vada Cook is the daughter of Mrs. Flora Cook, a widow living on Tomlinson street. Undertaker R. L. Loftin, of this city, went to the scene of the accident on train 21 at 1 o'clock and returned with the bodies on train 22 at 2:45 p. m. The bodies of the children were badly mangled and from the appearance the skulls of both were entirely crushed on the back side, where they were hit by the engine. The same engine that killed these children was the one that some months ago was being driven by Engineer Sebe Perry, of this city, when he met his death. It is reported that several other engineers have met with severe accidents while running this engine. All day long crowds of pople have been gathered about the station, and the undertaker's establishment to learn the news about the distressing accident. The remains will be buried tomorrow afternoon in this city.

Woman Found Knife Used During Fatal Fight at Weaverville.

Asheville, N. C., Aug. 15.—An open knife believed to have been the instrument used by one of the Capps brothers, both of whom were shot and killed by Dr. Clarence Pickens at Weaverville Saturday night, was found on the road near the scene of the tragedy today, by Miss Mollie Baird, who turned the knife over to the sheriff.

It is stated that the knife will be identified as the property of Furman Capps, the eldest of the deceased.

Dr. Pickens is still in jail, but it is probable he will be released tomorrow on bail.

Staunton, Va., Aug. 15.—Water has risen several feet in the holes made by the cave-in in the heart of Staunton last week, and the holes are enlarging. Strenuous efforts are being made to save the houses whose foundations have been undermined. Muddy water is emptying into Lewis' Creek, several blocks from the cave-in, and it is believed that the water in the holes has found an outlet there.

VETERANS' ANNUAL REUNION.

Will be Held in Norfolk First Week in September.

Headquarters North Carolina Division United Confederate Veterans, Durham, N. C., August 13, 1910.

General Orders No. 42.

Paragraph 1. The Major General commanding the North Carolina division of the United Confederate Veterans has the pleasure of announcing that the next annual reunion of this division will be held in the City of Norfolk, Virginia, on the 6th, 7th and 8th days of September, 1910, in accordance with a most pressing invitation from the Board of Trade and Business Men's Association of that city.

Par. 2. A most interesting programme is being prepared for the occasion, including side-trips to the famous seashore resorts near Norfolk, and every possible effort will be made by the public spirited citizens of Norfolk to make our reunion there the grandest and most enjoyable we have ever held. Free entertainment will be provided for all veterans who are unable to pay for their meals and lodging, but all who wish free entertainment must at once notify Mr. Joseph A. Hall, Secretary, at Norfolk, so that ample preparations may be made for their comfort. This is important and must not be overlooked or delayed. Commanders of camps are urged to attend to this without delay.

Par. 3. The railroads will give reduced rates as ausual, and the exact rate from any station can be learned from the local agent. A delightful trip and treat is in store for all who attend this reunion and it is hoped that there will be a large attendance of our old "Tar Heels," all of whom will receive a most hearty and hospitable welcome from our Virginia neighbors. Let our cry now be "On to Norfolk."

S. S. S. A REAL CURE FOR BLOOD DISEASE

S. S. S. is a real cure for Contagious Blood Poison because it is a real blood purifier. We all realize that this disease is a specific blood infection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat ulcerate, the glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, sores and ulcers appear, and even the bones ache with rheumatic pains. It is reasonable to believe that in a blood poison so powerful as this that only a blood purifier can have any permanent good effect. S. S. S. is the greatest of all blood purifiers; it goes into the circulation and by thoroughly cleansing the blood of every particle of the insidious virus makes a permanent and lasting cure of Contagious Blood Poison. It does not hide or cover up the disease in the system but it entirely removes the last trace of its destructive germs. If you are suffering with this disease S. S. S. will cure you because it will cleanse your blood and enrich its health-promoting corpuscles. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is a medicine so absolutely safe and certain in its results, that everyone may cure themselves at home, and be assured the cure will be permanent and lasting. We are offering special bargains in summer weight suits. Among them you'll find a large number bearing the label of

Hart Schaffner & Marx

Our reason for making greatly reduced prices is a simple business reason.

Every suit represents a certain amount of our money and it occupies so much of our shelves. We want to put the money in fall goods and we want to put these goods on the shelves occupied by summer suits. The solution is plain. We offer you the summer suits, just when you need them, at ridiculous prices. Come in and prove it.

A few more Manhattan Shirts left at the cut prices.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, August 16th, 1910.

A man named Ivin peeped at some ladies at Narragansett Pier, the famous New England resort for swelldom. It created a sensation, because he caught them gambling. We refuse to be surprised at what any sort of peeper could report. Peeping Toms are always looking for the sensational and not the good. The same can be said of Mrs. Eavesdropper who hears it all, and more, too.

If North Carolina Republicanism has not been respectable, according to the standard of Taft, Morehead and Butler, is not the National Republican party "not respectable" for the same reasons, and many others stronger than the grounds upon which North Carolina Republicans have condemned themselves by knuckling to Morehead and Butler as the committee on fumigation?

A Bryanesque contemporary remarks: "Colonel Bryan knows more than all the rest of them." However, we'll bet the Nebraskan has never been able to understand why Democrats dislike him for originating policies which Roosevelt carried out with the hearty approval of anti-Bryan Democrats and Republicans who defend the party of the second part for doing what the party of the first part proposed.

Senator Aldrich may or may not put up a good defence for the Aldrich family and the Rubber Trust, whichever way anybody on earth wants to look at that part of it, but the tariff mogul does acknowledge the corn that the rubber tariff was stretched from 30 per cent to 35 per cent for the benefit of rubber manufacturers who use the raw rubber sold by the Aldrich family. Rubber neck at that fact, and don't forget it.

Says the Charlotte Observer: 'None of the North Carolina excursionists Wednesday wore hobble skirts,' notes the observant Norfolk Landmark. We trust that the Evening Chronicle, which has since come out in favor of hobble skirts, will now abandon its odious contention." If it is true that the Chronicle has lost its bearings in steering after the hobble skirt, we are sure it is more on account of the hobblers than because of their skirts.

President Taft was the first "big Republican" to boldly declare that North Carolina Republicanism was not respectable. With its Cabinet scandals, its Friar land scandals in the Philippines, the Alaska land scandals, the Indian land scandals, bribery and office purchase by Republican Senators, etc., isn't it about time for the President to tell the National Republican party that it also is not any more respectable than North Carolina Republicanism? He ought to get Morehead and Butler to take the G. O. P. to the laundry.

The answer of the American Tobacco Company at Raleigh no doubt will be practically the same that it will make in the suit of the Government which is prosecuting it as a trust whose methods are in restraint of trade. The answer of the so-called trust is a bold acknowledgment that it practices the methods alleged, but it denies the motive charged to it, and defends itself as a live commercial corporation doing a legitimate business by live methods that its competitors never thought of and cannot imitate. The big company evidently has no fear that there is any law against doing business in a way that leaves competitors in the lurch. The contention is that the trust does not purposely and maliciously crush its competitors, but they fall on account of their own inability to keep up with the modern way of hustling "Big Business."

UNREASONING RADICALISM.

It would be a marvelous eventuality if there were to be a so-called "religious war" in Spain. Such an event in this Twentieth Century of a civilization which was funded by Christianity would indeed be anomalous but we do not anticipate that a civil war in Spain can be directly attributed to religion any more than can the American Civil war be attributed solely to slavery. If there is a revolution in Spain it will not be the established Church of Rome against the government, but the controversy between the Government and the Vatican will be only one of the incidents that may be taken advantage of to foment trouble for another purpose rather than for the triumph of the Catholic Faith. If the controversy were left to the Pope and the government there would be no civil war, but if there is an uprising against the dynasty of King Alphonso it will be because the Carlist pretender to the throne and his large number of adherents will seize the religious question as the basis of an opportunity to overthrow Alphonso and place the Carlist upon the throne.

It must be admitted that the Carlists constitute a dangerous element in a peaceful solution of the Vatican's trouble with the Alphonso government. The Carlists are merely using a religious controversy for the purpose of attaining their ends, beyieving that the Catholic population would cast in their lot with a Carlist revolution. With the Carlists appealing to religious prejudice and perhaps to more or less fanatical Church adherents, a settlement of the question is attended with a great deal of danger. In previous uprisings and revolutions the Carlists have been so strong that it taxed the government severely to gain the mastery, but any Carlist revolution at this time certainly would be strengthened by the assistance of the Church people, with a greater probability of success than they have ever had. After all, it would not be the Pope's war but a Carlists war, a religious controversy being employed as the pretext.

The Pope is a man of peace and represents a religion of peace, and it is inconceivable that, in this Twentieth Century, Christian fanaticism should bring on a war. The time has been when Christianity was content to be tolerated rather than persecuted. It was content to be let alone and be permitted to scatter abroad its religious principles, and so it is that whenever Christians have had to fight in this day of civilization it has been in self-defense. Some other force invariably has been the aggressor.

The press dispatches indicate that the Spanish government will continue to be firm in its contention with the Vatican. Without going into the details and causes of the government's controversy with the Church, it can be stated that the whole trouble is the modern idea of separation of Church and State, the same as France succeeded in accomplishing two or three years ago. Spain ultimately is to follow suit, and while the present action of the government does not mean total separation it does mean a lessening of the power of the Church of Rome in Spain. It means the entering wedge of final separation. Some may be misled into the belief that the government of Spain is really standing for religious liberty but atheism and opposition to any kind of religion, largely growing in some European countries, is one of the principal causes of the government's attitude. Then there is the opposition of non-Catholic churches. While the government's success might mean religious liberty, it would to a certain extent be a triumph of the enemies of any phase of religion.

We presume that what the Spanish government is now aiming at ultimately will be consummated, but the conditions in Spain are so vastly different from those in this country that a too radical change would be revolutionary. A gradual and conservative settlement of the question would be attended with a minimum of danger, but the radicals and fanatics are always to be feared as they were North and South, in this country during the abolition crusade for the freedom of the slaves. American radicalism brought on the bloodiest of all civil wars in the history of the world, whereas it could have been averted by the gradual and conservative abolition of slavery. Abolition at one fell swope was so revolutionary in its nature as to make a peaceable solution of the problem impossible, so that in the end the progressive creation of prejudice, hatred and fanaticism really brought on the war. It is upon that ground that the South contends, even till today, that the war was not fought to perpetuate slavery, while admitting that slavery furnished the cause for the radical agitators to fan the flame which brought on the ultimate conflagration. Radicalism and fanaticism have never yet peacefully settled any religious or political question anywhere in the world. When people loose their heads reason and judgment are dethroned and passion comes into play, with war or revolution as the final armiter.

To have radically abolished slavey, immediately put the ballot in the hands of recent slaves and placed the duties of citizenship upon ignorance and stupidity was one of the greatest follies of which the American nation has ever been guilty. It was not the achievement of American statesmanship but the deplorable result of Republican passion and hatred, a sin against civilization for which the Republican party has to bear the responsibility from time unto eternity.

The Civil War doubtless was fought on the one side for humane and patriotic reasons, but the sober sense of the people North and South now dictates that the enfranchisement of the negroes when they were not fit for the ballot, and had no conception of popular government or even social order, was a crime and very far removed from either humaneness or statesmanship. That crime was committed against civilization by the Republican party at the dictation of malice and the South was the sufferer. Yet we find a certain class of Southerners condoning that crime and tolerating if not adopting Republicanism—the Republicanism which committed that crime and is committing another against all the people of the United States in Legislating for special interests to the disadvantage of the masses.

It may appear that we have considerably drifted away from the threatening conditions in Spain, but the drift which has been followed will illustrate the condition and sitdition in Spain, where the Romish Church influence has so long been predominant and recognized by the government and the people. A radical and revolutionary change from such long established conditions means an appeal to deep-rooted prejudices and passion. Reason and conservatism, not radicalism, are the only things left to Castilian statesmanship by which it can avert a bloody war with the Carlists assisted by mad Church people. If there be any war in Spain the crime can be laid upon the shoulders of radicalism and not upon religion.

THE BUTLERS ARE BUTLER MEN.

In view of the fact that recent events have demonstrated the fact that ex-Populist United States Senator Marion Butler is the whole cheese in North Carolina Republican politics, the esteemed Greensboro Record rises to remark:

"The Butler family is coming into its own. George E. Butler, a brother to Marion, has been nominated for Congress in the Third district, and will make the race against Dr. Faison. Now, with Boss Butler a candidate for the United States Senate, the family is coming into its own. They can at least say they were in the also-ran class."

There are two special things characteristic of the Butlers. They are a shrewd, pretty smart set of folks, and nobody can accuse the brothers of being the least disloyal to the Butler family. With them there is nothing too good for any one of the Butlers, and we are rather inclined to acknowledge the fact that ex-Senator Marion Butler, Lawyer George E. Butler, and Editor Butler can take care of themselves and each other as well as any nepotic Republican or Democrat in the political game. Undue attachment and favoritism shown to members of one's family in a political way does not meet with popular favor, but some people do not care whether it does or not, just so long "as it is all in the family." We expected the family loyalty of the Butlers to crop out anew, owing to the result of the State Republican convention at Greensboro, August 10th, but it remains for the voters of North Carolina in November to set their seal of disapproval of a political alliance which looks anything like being "a family affair."

MR. GODWIN SET RIGHT.

The Charlotte Observer makes this editorial remark:

"As regards the dispute over the Democratic nomination in the Sixth district, our only concern has been that it be settled in a just and peaceful manner. (With Representative Godwin stating that he will abide by the harmony committee's decision, both these present results, irrespective of whether the fight for the nomination takes place anew, are now assured."

We have always believed that Mr. Godwin would do the right thing at the right time when called upon by the party arbiter to do his part toward a satisfactory settlement of the unfortunate Sixh District imbroglio. His position has been more or less incorrectly stated and repeated at times without proper authorization. When official notice of the contest comes from the party organization, we find the Congressman paying heed, and in doing so he has done what will make him all the stronger in the district, whether he wins the nomination or not.

The Republican State platform contains no issues, but it is full of tissues.

The Gensis of North Carolina Republicanism was bad, its Revelation is worse, and its Exodus would be the only good thing about it.

Everybody in the Republican party is putting in a denial. It shows that the crowd is on to the defensive and stands on its legal right to refuse to incriminate itself.

It is said that 25,000 teetotalers are holding a meeting in Boston. In the whole bunch there is hardly a speaker who will make heated remarks upon any of the dry topics to be discussed.

It is said that some women spend a thousand dollars a year for the false hair which they wear on their heads. Thus is refuted the ancient slander that women "put their last cent on their backs."

The Baltimore American tells us that "one of the beef trust men higher up has been indicted for perjury." Nevertheless, he won't care, so long as the Taft administration fails as signally as the Roosevelt Administration in its efforts to get him into the soup.

The snarling Crumpacker, of Indiana, considering that Uncle Joe is about done for, wants to be Cannon's successor as Speaker. Evidently old "Crump" relies on the possibility that there is always a chance to swap the devil for the witch.

Secretary Ballinger denies that the Beverly statement that he is to quit the Cabinet September 15th. The story originated right where President Taft is, and the President has not yet joined Ballinger in denying it. This affair surely has produced a candidte for the Ananias Club, but he hasn't been uncovered yet.

CURRENT COMMENT.

The Republican platform is a daisy and it is going to be easy to puncture it and the Democrats will do it. It is full of Buncombe, pure and simple.—Greensboro Record.

Some of the papers seem to think ex-Governor Glenn will do Major Stedman more harm than good in making speeches for him. Either they do not know him or the wish is father to the thought. When Bob. Glenn gets out among the Pure in Heart he will make things hum. He knows where to go and what to say.—Greensboro Record.

About this time of the year young men from Charlotte, Wilmington, Raleigh and Greensboro flock to Hendersonville, Flat Rock and Saluda for a view of pretty girls. In winter they come to Rock Hill, Chester and other South Carolina towns to see the same girls. The devotion of North Carolinians to South Carolina girls is not inexplicable.—Columbia State.

The old line Republicans once swallowed Butler for United States Senator and discovered his treachery almost before he had warmed his seat when he refused to abide by the expressed terms of the dicker and went back on his colleague, Jeter C. Pritchard ,and tried to beat him for the long term. Now, should Morehead succeed in electing a Republican Legislature Butler will be the candidate and the old Republicans who vote the legislative ticket will be bound by the agreement. You don't catch Butler working for any one but Butler in the long run.—Greensboro Record.

The Gore investigation recalls the litigation between Spencer B. Adams and Marion Butler, and the indictment and conviction of Butler for the libel of Adams. This lawyer McMurray has become rich representing Indians and has charged them outrageous fees. He is now in the limelight again, and it is shown that his firm was to get a three million dollar fee if Senator Gore and others had not stepped in and protested. It was an $800,000 fee, if we mistake not—certainly it was a "whopper"—that the court of which Adams was a member awarded to McMurray. There was much criticism of the action of the court in approving McMurray's fee, and Butler printed that Adams had been bribed as a judge in approving the fee. Butler was indicted for libel and convicted in the Superior Court. It is said that Adams and Butler have agreed and the civil suit against Butler will not be pressed. The exposure of the outrageous sum McMurray and others charge the Indians will do good. The criticisms of Judge Adams and the other members of the court for allowing the big fee were deserved. It was not necessary to charge that these judges were bribed to convince everybody that they were not qualified to act as judges. The allowances they made were out of all proportion to the services they rendered. If the men on that court had been as courageous and wise as Gore the big allowances would not have been made.—Raleigh News and Observer.

"The New York Times" seems to pin its faith in the election of a Democratic President in 1912 on what might be called the mid-term forecast theory. It asks what will happen if the Democratic party wins the House of Representatives next fall, suggesting by means of an exposition of the workings of the forecast theory in the period between 1872 and 1896 that if the House is Democratic the President chosen in 1912 will in all likelihood be a Democrat. It is true that the fluctuations in party strength in the period covered by "The Times'" tabulation give some color to the idea that the loss of the House at a mid-term election is likely to involve the loss of the Presidency two years later. They give equal color to the idea that the capture of the Presidency is likely to be followed two years later by a reaction against the party in power, causing it to loose control of the House of Representatives. The Republicans lost the House in 1882 and in 1890 and lost the Presidency in 1884 and in 1892. The Democrats lost the House in 1894 and the Presidency in 1896. But the Republicans won the Presidency in 1876, 1880 and 1888, though losing the house in 1874, 1878 and 1886. The forecast system worked three times, and failed to work three times. Taking the period from 1872 to 1896, a better case can be made out for the reverse "mid-term" theory—that the party in power in the nation is likely to lose control of the House of Representatives at the succeeding "off year" election. Thus, the Republicans elected a President in 1872, 1880 and 1888 and lost the House in 1874, 1882 and 1890. The Democrats elected a President in 1892 and lost control of the House in 1894. The rule worked four times and failed to work once—in 1886. It had no chance to work in 1878, because the President was a Republican and the House was already Democratic. If political conditions were now at all similar to those existing between 1872 and 1896 the laws of permutation which held good then might still be used for forecasting purposes. But since 1896 an entirely new political balance has been established. In the period between the middle of Grant's second term and the middle of Cleveland's second term the Republican party was able to retain the Presidency, except for eight years, by a supreme effort in Presidential campaigns. But the struggle against the weight of numbers was exhausting. The Republicans lost the House of Representatives eight times and carried it only twice, in these two cases the majority was precarious and vanished in the next "off year" reaction. New York Tribune.

GOT AWAY WITH DIAMONDS.

Thief Gets $500 Worth of the Sparklers, Besides Money.

Asheville, Aug. 14.—A clever thief succeeded in getting away with a silver purse containing $500 worth of diamonds, three railroad tickets to New Orleans, and about $15 in currency, the property of Mrs. J. Numa Jordy, wife of a prominent lumber man of New Orleans, last night, and has not yet been captured. The couple were stopping at a local hotel, and after dinner Mrs. Jordy went over to a writing desk to write a letter. She left her purs on the table and went out on the porch for a moment, in the meantime the thief grabbed it. Three detectives are employd in the case, and sensational developments are expected.

The Best Hour of Life.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great sitisfaction. what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. CAN'T BE SEPARATED

Some Wilmington People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

James Hansley, 309 N. Fifth St., Wilmington, N. C., says: "For some time my back and kidneys troubled me, no doubt due to constant standing. I had dull, nagging backaches and a sharp pain across my loins. I could not stoop or lift without having twinges throughout my body. The kidney secretions contained sediment and were too frequent in passage. When I learned of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's Drug Store and used them as directed. In a few days the backache and other annoyances ceased and have not returned since. I give this testimonial in the hope that some other sufferer from kidney trouble will be benefited thereby."

BACK FROM THE MANEUVERS

Five Companies Composing Coast Artillery, North Carolina Guard—Record Shots Made—Inaugurated Hookworm Campaign.

After ten days of the most successful maneuvers held in a number of years, in which new records were made in target practice and the companies showed up in splendid form in organized military service, the five companies composing the Coast Artillery Corps, North Carolina Guard, in command of Major Max Barker, of Salisbury, arrived in Wilmington yesterday afternoon from Fort Caswell and left shortly thereafter by rail for their various destinations except the Wilmington Light Infantry which is at home here.

The companies and their commands were: First, Newbern, Capt. Waddell; Second, Wilmington, Capt. Metts; Third, Greensboro, Capt. Kuykendall; Fourth, Salisbury, Capt. Smith, and Fifth, Charlotte, Capt. Roby.

The officers commanding expressed themselves as highly pleased with the excellent record of the companies during the encampment, which was altogether an unusual success, the distinct feature being the record shots made during target practice, which brought forth praise from the regular officers, commanding at Fort Caswell. The drills and other features of military life were carried out each day and the records of the various companies is being awaited with much interest.

The particular record in target practice was made by the High Point company, on last Saturday, when the target was hit with the first shot. Gunner Pinner sighted the gun that made the record and bull's eye shots were used. This was Gunner Pinner's first experience at firing in the Coast Artillery.

Accompanying the Reserves was the Charlotte detachment hospital crops, under command of Capt. B. J. Witherspoon. The soldiers were brought up to the city from the fort on the steamer Wilmington, Capt. John W. Harper, and the steamer Gen. G. W. Getty, of the Quartermaster's department, the latter bringing the Wilmington Light Infantry. The Wilmington docked at one of the Seaboard wharves, convenient to the railroad, where the heavy camp baggage was rapidly transferred to the train. The last of the companies were gone by 7:30 o'clock last night. There were 275 soldiers, composing the five companies, who participated in the maneuvers.

The Wilmington Light Infantry showed up in fine manner, maintaining the past record of the company. The local company's target practice was exceptionally good and featured the maneuvers at the fort on Sunday, when the high mark of 100 per cent. was attained. The Sunday programme consisted of exercises with the big eight-inch guns and the mortars. The Wilmington company took three shots at the target and made the high record mentioned, each shot landing in the desired locality.

Lieutenant F. J. Clemenger, of Asheville, under direction of the Surgeon General, inaugurated a hookworm campaign during the encampment, the same being authorized by the Rockefeller Commission, and provided for by the fund of a million dollars for exterminating the disease in the South. The result of Lieut. Clememger's examinations are determined by the State laboratory. No direct examination was made at Fort Caswell, but the same tactics were pursued in the work as were carried out at Chickamauga, which was also directed by Lieut. Clemenger.

It will be recalled that the first hookworm examinations in the army were made in North Carolina. It was found that 35 per cent. of the soldiers in the Second Regiment. Lieut. Clem Guard, Infantry, were infected with the disease and 50 per cent. of those in the Second Regiment. Leuti. Clemenger's important wrok has been among the soldiers at the various encampments in the surrounding States this Summer.

REGATTA TODAY.

Interesting Yacht Race by Carolina Club Fleet This Afternoon.

The fourth in the series of six yacht races for the handsome Jones-Walters Trophy will be sailed by the fleet of the Carolina Yacht Club, over the regular Banks Channel course of eight miles this afternoon beginning at 4:30 o'clock. There are eight entrants and the regatta promises to be one of the most interesting and exciting of the season. The Jones-Walters trophy is a very handsome loving cup standing about two feet on a pedestal and is well worth the brawn and the skill at the tiller that it will bring forth from the enthusiastic yacht owners of the Carolina Club. The trophy is now on exhibition in Honnet's window and has been seen and admired by a great many.

The regatta committee of the club is composed of Messrs. Clayton Giles, Jr., F. A. Lord and W. D. MacMillan, Jr., and they have arranged a plan under which the trophy will be awarded to the captain winning the most points for his craft, each yacht being credited with one point for entering and being awarded one point for each yacht defeated in the series of six races. Thus far three of the events have been sailed and the leaders are Capt. S. P. Cowan's boat, sailed by Capt. Edwin A. Metts, 26 points; Col. John VanB. Metts' boat, 25 points and Capt. A. B. Skelding's craft, 23 points. The first race was won by Capt. B. H. Bridgers; the second by Capt. Metts and the third by Capt. Robert C. Davis, but the points in the cup contest stand as above given.

In this connection it will be interesting to know that the Governing Board of the Club has decided upon a number of improvements that will make club life much more attractive to members.. A number of tables and comfortable chairs in Mission style will be installed in the large assembly hall which will be furnished with a number of the leading magazines and periodicals for us of the members. Then also there will be added a number of games, which, in addition to those already there, will serve to amuse and entertain guests and members while there.

SWIMMING EVENTS LABOR DAY

Big Feature of Celebration at Wrightsville Beach—Course of Training Prescribed—Directions for Getting Into Trim.

The athletic events at the beach from time to time have created quite an interest in athletics. Probably the swimming events have attracted more attention than any of the other contests which is, no doubt, due to the fact that there are a number of very good swimmers in Wilmington.

The next swimming event to take place will be on Labor Day. This will be a mile event, and will take place in the Banks channel, instead of in the ocean. The event will be for amateurs only.

A local authority on aquatic sports suggests that those who intend to enter the swimming event scheduled for Labor Day follow the three weeks training course recommended by Mr. C. M. Daniels, the world's champion swimmer. This training course, which will be found in Mr. Daniel's book on "Distance Swimming," gives the work to be done on each day before the race. If Mr. Daniel's course is followed the following is the work that should be done each day up to Labor Day:

Monday, August 15th, 400 yards slow.
Tuesday, August 16th, 500 yards slow.
Wednesday, August 17th, 600 yards medium.
Thursday, August 18th, 700 yards slow.
Friday, August 19th, 800 yards slow
Saturday, August 20th, 900 yards slow.
Sunday, August 21st, rest.
Monday, August, 22nd, 900 yards medium.
Tuesday, August 23rd, 100 yards sprint fast as possible.
Wednesday, August 24th, 1,300 yards slow.
Thursday, August 25th, 100 yards sprint fast as possible.
Friday, August 26th, one mile slow.
Saturday, August 27th, 100 yards sprint as fast as possible.
Sunday, August 28th, rest.
Monday, August 29th, one mile time trial, fast.
Tuesday, August 30th, 400 yards medium.
Wednesday, August 31st, 100 yards sprint, rest and repeat.
Thursday, Sept. 1st, one mile time trial, fast as possible.
Friday, Sept. 2nd, 400 yards slow and easy.
Saturday, Sept. 3rd, practice starts 50 yards sprint, repeat.
Sunday, Sept. 4th, rest.
Monday, Labor Day, race.

It is taken for granted that the contestant is already in good physical condition. If he is not, the first day's work should be only 100 yard swim, and the distance should be increased each day so that at the end of the first week 900 yards is covered, as provided in the schedule given above.

The swimming is to be done with the current. If one is swimming in still water the distances should be cut down one-third. To get the best results one should not enter the water until at least two hours after eating.

Those who intend to follow this training course, and expect to do so in the Banks channel, may easily guage the distances by the trolly poles along the beach. These poles are 105 feet apart.

EDINBURGH CONFERENCE.

Rev. T. A. Smoot Talks Interestingly of Great Gathering.

Rev. Thomas A. Smoot, pastor of Grace Methodist Church, who returned recently from a two months' trip abroad, was greeted by large congregations Sunday, both morning and evening, and his discourses were very helpful and interesting. He spoke particularly of the work of the great Laymen's Missionary Conference, held in Edinburgh, Scotland, June 14th to 23rd, which Mr. Smoot attended as a delegate from the M. E. Church, South, to Assembly Hall. He told in a most interesting way of some of his impressions of the meeting. At the close of the morning sermon he announced that Miss Ida Hankins, a member of the church, had decided to devote her life to missionary work in the foreign fields, and will be the first missionary to represent Grace Church from the membership. Miss Hankins will take a year's course of study in the Saritt Training School at Kansas City, Mo., and it was stated that the church should feel it an honor and privilege to subscribe to a fund to defray her expenses while preparing for her life work. The congregation responded liberally, subscribing a creditable sum for the purpose.

EIGHTY-EIGHTH BIRTHDAY

Celebrated Sunday by Mrs. M. E. Potter, of Brunswick County.

Mrs. M. E. Potter, who lives near Town Creek, Brunswick county, celebrated her 88th birthday Sunday and 80 of her 112 descendants gathered to help her enjoy the happy occasion, which was featured by a sumptuous dinner. Mr. C. C. Potter, of Wilmington, a son of Mrs. Potter, was among those who attended and it goes without saying that he enjoyed the day to the fullest extent. Forty-nine of the 51 grand children are living and 56 of the 61 great grand children. Mrs. Potter has remarkably good health for one of her age and she took a live interest in the occasion. She received the congratulations of many friends as well as relatives and all joined in the hope that she will celebrate many more birthdays.

Death of Infant Son.

Many friends of Mr. and Mrs. J. F. McInniss tenderly sympathize with them in the death of their 2-year-old son John Dempsey McInniss which occurred at the family residence No. 507 Hanover street, Sunday morning at 6:30 o'clock, after a brief illness of acute indigestion. The funeral service was held from the residence at 7:30 o'clock yesterday morning, conducted by Rev. G. A. Martin, pastor of Southside Baptist Church, and the body was taken on the morning train to Watha, N. C., where the interment took place.

CUTTING AFFAIR LAST NIGHT

Noe Jones Slashed Several Times by George Norris in Southern Part of the City—Both Men of Families.

There was much excitement in the vicinity of Kidder's alley, in the southern part of the city, about 8 o'clock last night, when, following a quarrel, George Norris, aged about 25 years, cut and painfully wounded Noe Jones, aged about 50 years.

The affair occurred near the home of Norris, whither Jones had gone to resent a disrespectful remark Norris is alleged to have made about a relative of Jones. The men had some heated words, following which they went together.

In the scuffle that ensued Jones was slashed considerably with a knife by Norris. He received a gash over one eye, one on the arm, another near the collar bone, was slashed six or seven times in the back and the fingers on one of his hands were also cut. Jones, it is stated, managed to knock his antagonist down with his first during the struggle. Norris left the scene immediately and the officers were unable to find him up to 10 o'clock.

Mounted Officer B. W. Jacobs was on the scene in a short time after the affair and began an investigation and search for Norris. He was later joined by Mounted Officer J. S. Lane. Norris is a man of family and lives in Kidder's alley and Jones, also a man of family, lives on Front street about a block away. Norris and Jones were arrested shortly before midnight and taken to the City Hall, where they were released on bond. Jones was taken to the hospital where his wounds were dressed.

BIG REAL ESTATE DEAL.

Famous Chadwick Farm to be Sub-Divided and Sold at Auction.

George T. Penny, president of the American Realty and Auction Company, Greensboro, was in the city a few days ago, and closed a deal with Mr. D. N. Chadwick, Jr., to sell the famous Chadwick farm.

This farm is located near the city of Wilmington, and it is a well-known fact that Mr. Chadwick's father has spent thousands of dollars improving it. The farm is in a high state of cultivation, and is considered by good judges as being one of the best farms in North Carolina, nice shell roads leading out from the city to it, and surrounded by good neighbors owning their own homes.

The farm will be sub-divided into small tracts and sold on the 23d day of August at 10:30 o'clock.

There will be a nice rubber tired Studebaker buggy and a bag of gold and silver given away at this sale, absolutely free. Every one who attends the sale will have an equal opportunity. This will be a grand opportunity for any one desiring to make a safe and conservative investment, as farm land near the city of Wilmington is gradually increasing in value every day.

MRS. MARGARET KING DEAD.

Passed Away at Her Home in This City Sunday Evening.

After an illness extending over a period of 12 months, Mrs. Margaret King passed away at her home, No. 406 North Sixth street, Sunday evening at 8:45 o'clock. The announcement of her death was received with much regret by many friends and relatives. She was 50 years old, and is survrived by one son, Mr. Samuel F. King, until recently of this city, but now of Grand Rapids, Mich.; one daughter, Miss Jennie King, and one sister, Mrs. Nora McDermott, of this city. The bereaved have the sympathy of a great many friends. The funeral will be held from the late residence at 9:40 o'clock this morning, thence to St. Thomas' Catholic Church, conducted by the rector, Rev. Father Dennen. The interment will be in Oakdale Cemtery.

THE RECORDER'S COURT.

Several Cases Called Yesterday, But Nearly All Continued.

Several cases were called in the Recorder's court yesterday morning, but most of them were continued until today. A case against Wesley Hill, colored, charged with assault with a deadly weapon on H. Waddell, colored, was continued until today, as were also cases against Thomas Croom, a white man; Mattie Allen and May Holmes, white women of the under-world, all charged with assault with deadly weapon. The three last named cases came up from Justice Harriss' court. Wise Merritt, colored, charged with an affray, was fined $10 and the costs, and a case against Thomas Gause, charging a similar offense, was dismissed. Several persons were tried on the charge of drunkenness and assessed the usual amount.

BIG PYTHIAN MEETING.

Capt. Thos. D. Meares Returns From Milwaukee, Wis.

Capt. Thos. D. Meares, clerk of the Board of Audit and Finance, returned Sunday from Milwaukee, Wis., where he attended the bi-ennial session of the Supreme Lodge, Knights of Pythias, of which he is Master of Exchequer, which office he has held for 14 consecutive years, and is now entering his eighth term. Capt. Meares was acompanied to Milwaukee by Mrs. Meares who returned with him Sunday. The session just closed was one of the most interesting and important held in some time and was largely attended. The doings of the Supreme Lodge were given in the Associated Press dispatches in The Star during the session.

Feasted Their Employes.

Messrs. J. O. Brown and D. N. Chadwick, who recently heeded the call of the wild and went "back to the farm," operating fine places in East Wilmington, on yesterday gave their employes a delightful fish fry and picnic at Tietgen's Landing, on the Sound. An abundant dinner was served and the delights of the seashore were enjoyed to the fullest, the party returning to East Wilmington last night about 8 o'clock.

COL. WM. L. D'ROSSET PASSES

One of Wilmington's Oldest, Best Known and Most Prominent Citizens Died Sunday—Military Funeral Yesterday.

Although not unexpected, the announcement Sunday of the death of Col. William Lord deRosset, one of Wilmington's oldest and most promtnent citizens, came as a great shock to his loved ones and many friends, not only in this city but throughout the State. He passed away at his home, No. 310 Ann street, Sunday morning at 10:33 o'clock, after an illness extending over a period of several months, and for several days his demise had been momentarily expected, so serious was his condition, it being realized some ten days ago that his passing was only a matter of time.

The funeral services were held yesterday afternoon from St. James' Episcopal Church, in which the deceased was prominent for a long number of years, and the interment was in Oakdale Cemetery. Conforming to the wishes of Colonel DeRosset, it was a strictly military funeral.

Colonel deRosset was stricken with paralysis in September of last year, while on Wrightsville Sound, and was removed to the James Walker Memorial Hospital, this city, and some time later was able to be removed to his home. About two months ago he suffered a fall at his home, and since then his condition had grown gradually worse, and little hope was entertained for his recovery.

William Lord deRosset was the eldest son of Dr. Armand J. deRosset, and his wife, Eliza Jane Lord deRosset, and was born in Wilmington, October 27, 1832. He was educated at St. Timothy's Hall, Catonsville, Md.; at St. James' College near Hagerstown, Md., and at the University of North Carolina, being a member of the class of 1853 at the latter. Possessing a decided genius for mechanics, he determined on leaving college to master that trade, and accordingly he entered as an apprentice in the Lawrence machine shops in Massachusetts, but, after working there some time as a machinist and mechanical engineer, found the climate too severe for him, and returned to Wilmington, where he helped to establish the Clarendon Iron Works. Later he was employed in the large commission house of deRosset & Brown, of which firm he became a member in 1860.

He was an enthusiast in military affairs, and in 1855 was made a lieutenant of the Wilmington Light Infantry, and in 1856 was made captain, in which capacity he served until the beginning of the war between the States. Upon the fall of Fort Sumter he was ordered, with his company, to Fort Caswell, at which he mounted the first gun, and several weeks after to Confederate Point (where Fort Fisher afterwards stood), where they mounted guns and did duty for some time. Because of their experience, discipline and drill, nearly all the members of that company became commissioned officers in various commands within six months. In very short time, May 10, 1861, Captain deRosset was appointed major and assigned to the Third Regiment, of which his brother-in-law, Colonel Gaston Meares was commandee. Promoted to lieutenant-colonel of that regiment in 1862, he went through the seven days of battle around Richmond, and upon the death of Colonel Meares, in the battle of Malvern Hill, succeeded to the command of the regiment in that capacity, served through the whole campaign of 1862 up to Sharpsburg, where he was desperately wounded through the lower part of his body, and disabled for further active service. In that fight he carried into action 520 men, of whom 330 were killed and wounded, including 23 out of 27 officers, of whom seven were killed or died of wounds. His disability being permanent, he resigned in 1863, but was appointed by President Davis in January, 1865, colonel in the Invalid Corps, P. A. C. S. and surrendered with Johnston's army near Greensboro.

With that spirit of a true and brave soldier, he gave up his arms in defense of the cause that he believed was right; while he never paroled, he loyally obeyed the command of his superiors, laying aside all bitter feeling and uniting with the remnant of his comrades in building up his home and State. Never ceasing in his faith that the cause he fought for was right, he honored and respected any true soldier, whether a comrade or a foe, and it was his pleasure to pin his Confederate button upon the lapel of that brave and generous soldier of the North, the late General Curtis, upon the occasion of the reunion of the Blue and the Gray survivors of Fort Fisher. Thus he showed that he loved a true and brave soldier.

In 1865, upon the return home of the survivors of the Third North Carolina Regiment, an association of the commissioned officers was formed under the title of the Third North Carolina Infantry Association, of which Colonel deRosset was made president for life, being the senior officer, this being the first organization of veterans on either side. Annual meetings are held on May 16th each year. Later privates of various companies of the regiment were admitted, and in order to perpetuate the association, the Sons of Veterans were admitted as associate members. The annul meetings are always looked forward to, and it is sad to see how fast the ranks of the original members are thinning.

After the war Colonel deRosset joined his father in organizing the firm of deRosset & Co., in continuation of their old business, until 1881, when he became superintendent of agencies, and afterward secretary and treasurer of the Navassa Guano Company, in which latter position he remained until compelled by ill health to give it up. He was successively commander of Cape Fear Camp Confederate Veterans, and from 1894 to 1896 major general of the North Carolina Division U. C. V., and attended several reunions, during which he served on important committees.

He was president of the Chamber of Commerce in 1872, president of the Cape Fear Agricultural Association in 1870, Master of Orient Lodge of Masons in 1886, and was alderman of the city of Wilmington at one time. His strict adherence to his duties, his promptitude, his systematic methods, his strict integrity in all his transactions were his notable characteristics.

He was always prominent in church matters, having been a lifelong communicant, a vestryman and senior warden of St. James Church, a member of the standing committee of the Diocese of East Carolina and North Carolina, and later treasurer of the Diocese of East Carolina.

It is eulogy enough to say that in every one of these positions, military and civil, he was faithful, honorable, brave and true.

In 1854 Colonel deRosset married Caroline Horatio Nelson, by whom he had two children, the eldest of whom died in infancy, the other Mr. W. L. deRosset, who is still a resident of Wilmington. In 1865 he married a second time, Elizabeth S. Nash, of Hillsboro, and six children blessed their union, of whom three survive, viz., Mrs. Walter Holt, of Fayetteville, and Mr. F. Nash deRosset of New York City, together with five grandchildren, Miss Lina deRosset, W. L. Holt, Jr., William deR. Holt, Mamie Holt and William deR. Scott. Of the brothers and sisters of Colonel deRosset (ten in number) only two are living, Mrs. Gaston Meares and the Rev. Frederic A. deRosset, of Cairo, Ill. Mrs. Meares, owing to illness, was not able to attend the funeral services, nor will Rev. Mr. deRosset.

A friend recalled the fact yesterday that the deRosset family was represented on the vestry of St. James' Church for 125 years, and Colonel deRosset served in this capacity for a number of years, and was senior warden in the church. Colonel deRosset was a gentleman of high character, frank and manly in his intercourse with the world, sincere and upright in all of his actions, and a worthy representative of one of the oldest and most prominent families of the lower Cape Fear. The bereaved have the tenderest sympathy of a great many not only in Wilmington, but throughout the State and elsewhere.

The funeral services were held from St. James' Episcopal Church, at 5 o'clock yesterday afternon, conducted by Rev. Dr. William H. Milton, the rector, who arrived yesterday from his vacation in response to a telegram, assisted by Rev. Dr. James Charmichael, Rev. Mr. Gibble and Rev. Thomas P. Noe, rector of the Church of the Good Shepherd. The church was filled with friends and relatives who gathered there to pay a last sad tribute of respect to the memory of one of this section's most prominent and distinguished citizens. The very general high esteem in which Colonel deRosset was held was attested in the many beautiful floral designs. As stated above, the idea of a military funeral was pretty generally carried out. Members of the Wilmington Light Infantry and members of Cape Fear Camp, United Confederate Veterans, attended the services. As far as possible, the honorary pallbarers were seletd from officers and comrades of Colonel deRosset, in his old regiment, the Third North Carolina, and the active pallbearers were sons of the deceased members of his old regiment, and members of the W. L. I. The following were the pallbearers: Honorary, Col. A. M. Waddell, Walker Meares, W. H. Northrop, Gen. James I. Metts, Capt. L. S. Belden, George W. Huggins, Rev. J. R. Marshall R. J. Sykes, Jesse J. Dicksey and W. M. Cumming; active, R. C. Cantwell, W. L. Harlow, T. C. James, E. C. Holt, W. N. Harriss and S. M. Boatwright.

Among those here from a distance to attend the funeral were: Mrs. Hill Burgwyn, of Hillsboro; Mr. and Mrs. M. E. Curtis and Mr. S. S. Nash, Tarboro; Mr. Charles A. Scott, son-in-law, of Graham; Mr. R. F. Moore, of Fayetteville; Mr. W. L. Holt, son-in-law, of Fayetteville. Mrs. Holt has been here for some days. Mrs. Meares, of Charlotte, sister of Colonel deRosset, was not able to be here, on account of illness.

Following the service at St. James' Church the body was tenderly borne to Oakdale Cemetery, where it was laid to rest in the family plot.

Truly Wilmington and North Carolina have lost one of its most prominent and distinguished citizens, and he will be greatly missed by hundreds of devoted friends.

County Board of Education.

The County Board of Education, Chairman J. O. Carr presiding and Mr. D. J. Fergus, member of the board, and Prof. Washington Catlett, superintendent, in attendance, held a meeting at 4 o'clock yesterday afternoon for the purpose of conferring with committeemen of Greenville station and others in that district with reference to changing the location of the school. The matter was discussed for about a half an hour, but no action was taken, it being decided to postpone consideration until Wednesday afternoon at 4 o'clock, when Mr. W. H. Sprunt, the third member of the board will be present.

For Impaired Nerve Force Take Horsford's Acid Phosphate

It quiets and strengthens the nerves, relieves exhaustion, headache and impaired digestion.

HOT-WEATHER LIVER TROUBLE

Many people who generally enjoy good health suffer from biliousness in the summer time. Rich foods served ice-cold are difficult to digest by the majority, and often produce a chilling of the entire digestive tract. The liver thus becomes sluggish, when the condition known as biliousness results. This is often accompanied by constipation or indigestion. Serious as it may seem, however, to the unfortunate person, it is easily curable with a remedy such as the well-known Dr. Caldwell's Syrup Pepsin, which is a great laxative and tonic, and which contains ingredients that act upon the liver and stimulate it. It will relieve a hot-weather liver complaint over night and cure it lastingly in a very short time. If you have any indisposition of the stomach, liver or bowels, your first concern should be a supply of this grand remedy, which you can obtain of any druggist for 50 cents or $1.00 a bottle. There will be enough and to spare for your complaint and that of your family. A FREE TRIAL BOTTLE will be sent to those who have never used it if they send their name and address to

TO SETTLE FOREST CLAIMS.

Government Officials Named to Investigate Conditions in West.

Washington, Aug. 15.—In oruer to promote harmony and co-operation between the field officials of the General Land Office and the Forest Service in the settlement of claims for homestead settlement within the National forests, representatives of the Interior and Agricultural departments will leave Washington Thursday for the West to confer with field agents of these two branches of the government. The task has been delegated to James M. Sheridan, chief of the field division of the General Land Office, D. D. Bronson, of the Forest Service, and R. W. Williams, Jr., assistant to the solicitor of the Department of Agriculture.

Secretaries Ballinger and Wilson recently issued joint instructions to the officials of the General Land Office and the Forest Service governing the conduct of hearings and appeals in cases involving lands or claims within the National forests. It will be the duty of the delegation from Washington to elucidate and interpret these instructions so that there will be no misunderstanding, friction or clashes of authority between the two services in the settlement of claims. The Washington officials will visit Missoula, Mont., Portland, Ore., San Francisco, Ogden, Utah, Denver, and Albuquerque, N. M., conferring with both forest and land office field agents in that territory.

FULL PROGRAMME ANNOUNCED

Juniors of North Carolina Gather at Wrightsville Beach Next Week. Senator Overman One of Five Speakers.

At a well attended meeting of the joint committee from the two local councils, held in the Mayor's office at the City Hall last night, arrangements were completed for the twentieth annual State convention of the Junior Order, United American Mechanics, which will be held at Wrightsville Beach next Tuesday, Wednesday, Thursday and Friday, with probably the largest attendance in many years, as a large portion of the representatives will be accompanied by members of their families for a few days' outing at North Carolina's famous seaside resort.

The meeting last night was presided over by the chairman, Mr. William E. Springer, and Secretary Frank Brittain was at his post. Other members of the committee in attendance were: Messrs. W. E. Yopp, N. J. Williams, J. W. Fleet, H. W. Howell, John M. Enos, G. C. Simmons and E. C Woodbury.

The Juniors will begin to arrive at the beach next Tuesday morning, and every train to the city during the day will very probably be crowded with representatives of the great and growing order and members of their families. Tarrymore Hotel will be headquarters of the convention. Tuesday evening a meeting will be held at Lumina and will be in the nature of a formal welcome to the visitors, who will come from every section of the State and some from other States. This meeting will be open to the public, and the pavilion will doubtless be crowded with several thousand people, as many from the city will go down to hear the addresses. Mr. William E. Springer will preside and introduce the speakers. After the meeting has been called to order by Chairman Springer, a member of George Washington Council, No. 67, prayer will be offered by Rev. K. D. Holmes, pastor of Fifth Street Methodist Church, and member of George Washington Council. In behalf of the City of Wilmington and Wrightsville Beach the visitors will be cordially welcomed by Mayor Walter G. MacRae, of this city, and the response will be made by L. T. Hartsell, Esq., of Concord, one of the most prominent members of the order in the State. William J. Bellamy, Esq., prominent member of Jeff Davis Council, No. 63, will welcome the visitors in behalf of the local councils, and the response will be made by Mr. Elijah Lewis, of Kinston, another prominent member of the order. The speaker of the evening will then be introduced, Hon. Lee S. Overman, of Salisbury, junior Senator from North Carolina, who will speak on "Relation of the Junior Order to Immigration." Senator Overman, pleasantly remembered in Wilmington by the many friends he made during a brief visit last Fall, is an ardent Junior and a pleasing speaker, and Wilmington people will be glad of the opportunity to hear him on this occasion. During the evening music will be furnished by a selected quartette, and by the Lumina orchestra.

The State convention will formally convene Wednesday morning at 9 o'clock in the assembly hall or Tarrymoore Hotel, with State Councilor W. B. Godwin, of Elizabeth City, presiding. There will be two other business sessions Wednesday, one convening at 2:30 P. M., and the other at 8 P. M. There will be three sessions Thursday, morning, afternoon and evening, and probably one session Friday morning.

It was at first announced that on Friday the visitors would be taken for a trip down the historic Cape Fear river, but after more careful consideration of the matter, the committee decided that the visitors would probably enjoy themselves better at Wrightsville Beach the last day of the convention, since the other two days will be taken up exclusively with business sessions, and therefore have abandoned the river trip. The last day will be utilized by the visitors as their tastes dictate, but in the evening they will be entertained at a souvenir dance at Lumina, given in their honor by the Tidewater Power Company, and is expected to be one of the most attractive of the many delightful events given at the pleasure palace in the past. While some of the visitors will leave for their homes Friday, and still others will go on Saturday, yet a large number are expected to Sunday at the beach.

Advices received from Secretary Samuel Vance, of Winston-Salem, indicate that there will be at least 500 persons here for the convention. There will be between 350 and 400 representatives of subordinate councils, some visitors, and many of the Juniors will be accompanied by their wives and daughters. The Juniors all over the State are looking forward with much pleasure to the convention, which promises to be the most delightful held in a number of years.

HONDURAS REVOLUTION OVER.

American Passenger Brings Peace Tidings—Prisoners.

New Orleans, La., Aug. 15.—Confirming reports of what appears to be a complete abandonment of the revolution in Honduras by Manuel Bonilla and his followers, the steamer Viator arrived from Port Cortez today.

W. F. Coleman, of Carrollton, Ga., who was among the passengers on the Viator, said that the news of the arrest of Gen. Lee Christmas in Guatemala had reached Port Cortez several days ago, and that this incident, together with other reverses, had brought about a more or less general determination by those in sympathy with the revolution to give up the fight. Many prisoners, including several Americans, had been taken to Tegucigalpa, and the report was current that they would be shot, but Mr. Coleman says it was officially announced that they would be released. The steamer Corinto, from Celba, reports that all was quiet at that port four days. An officer of the revolutionists and 20 men were captured by the government troops the day the Corinto sailed. It was reported they would be shot, but this could not be confirmed.

CHEERS FOR ESPERANTO.

Its Author Speaks to Large Audience in Washington.

Washington, D. C., Aug. 15.—Cheers for the representatives of two score of nations today greeted Dr. Ludwig L. Zamenhof, of Warsaw, Poland, author of Esperanto, when he rose to greet more than a thousand delegates to the Sixth International Congress of Esperanto. Other speakers at the session were Lu Ping Tien, of China; Captain Perogordo, Spain; Ali Kuli Khan, Persia; Captain Portnikov, Russia; Dr. Guillaume Mondada, Honduras; Mello Souza, Brazil; Francisco Latom, Gautemala; Luigos Munez, Uruguay; Joaquim Carlos, Costa Rica; Dr. Charles Stewart and V. C. Dibble, of the United States.

Dr. Zamenhof, in addressing the congress, sarcastically referred to the critics of Esperanto. These critics had declared the new language impractical, he said, but this, he contended, was disproved by the debates held during the sessions of the Congress.

BAILEY NOTIFIES BREEDERS.

Fine Stock Bought for New York Grand Circuit Meet.

New York, Aug. 15.—United States Senator J. W. Bailey, of Texas, president of the American Association of Trotting Horse Breeders, has notified the Trotting Horse Breeders' Club that final payments have been made for 26 colts and fillies to start in the $15,000 matron futurity stake race for 3-year-olds on August 23rd, the opening day of the New York Grand Circuit meeting at the Empire City track at Yonkers. Senator Bailey will come from Texas to attend the meeting.

Among those eligible to start are Native Belle, 207 3-4, holder of the world's record for 2-year-olds; Colorado E., a colt that trotted a public trial in 2:06 1-4 a few weeks ago; Emily Ellen, 2:10 1-4; Eva Bellini and Eva Tanguay.

Sacramento, Cal., Aug. 15.—Governor Gillett today announced that in all probability he would call a special session of the Legislature to take action on the question of issuing $5,000,000 in bonds for the Panama Pacific International Exposition, to be held in San Francisco in 1915.

STRANGE DOUBLE TRAGEDY.

Doctor Killed Woman, Then Self, Theory of the Police.

Harrisburg, Pa., Aug. 15. — The bodies of Dr. Russell Campbell and Mrs. Ira Morrison were found at the home of the latter at New Germantown today. A neighbor discovered the body of the woman lying across the front door step, and further search revealed the doctor's body in the house.

Hasty examination showed that the woman had died from internal hemorrhages, resulting from an operation. The theory of the police is that Dr. Campbell performed the operation some time during the night, and on discovering the fatal result, killed himself. His death was due to cyanide of potassium. Dr. Campbell was 24 years of age.

Welsh, La., Aug. 15.—Oscar Kemball, a young planter residing near here, was arrested tonight, charged with the killing of Ward Lipscomb, aged 19. Lipscomb was shot and killed today as he stood in the front yard of his father's country place. It is said that the two young men recently had quarreled, and that threats of violence were made on each side.

COTTON MARKET RECOVERED

Caused by Continued Dry Hot Weather in Southwest, After an Early Decline—Close Was Steady—The Conditions.

New York, Aug. 15.—An early decline in the cotton market was followed by a recovery owing to continued dry hot weather in the Southwest, buying by trade interests and covering by early sellers, who found less long cotton coming on the market than they had anticipated. The close was steady at a net loss of only 2 to 5 points.

The market opened steady at a decline of 8 to 12 points, and while there was nothing in the early news to indicate any break in the drouth in southwest Texas, local bears were rather aggressive, owing to the absence of bull support and a continuation of scattered liquidation through commission houses. Not a great deal of long cotton came out, but prices eased off until the market showed a net loss of 16 to 19 points, with October contracts selling at 13.37 or 57 points under the high record of last week. At this level there seemed to be less for sale, early sellers for short account evidently felt somewhat disappointed that no stop loss orders had been uncovered on the break, and, following the publication of the detailed Texas weather report, the market became firmer on covering and an increased demand from trade interests. Prices rallied to about the closing figures of last week during the afternoon, but the upward tendency appeared to be attracting no aggressive support from the bull leaders or outside speculative sources, and last prices were a shade off from the top under renewed liquidation. The Western belt forecast called for further showers in the northern part of Texas, and a low barometer is still reported over that section, but private crop reports from Central and Southern portions of the State continue to claim serious damage from drouth. Conditions from the river are said to be improved, and it is possible that the setback from the top reflects a slightly more optimistic view of the crop outlook on the average. Southern spot markets were unchanged to 3-8c lower.

Receipts of cotton at the ports today, 7,346 bales, against 500 last week and 1,238 last year. For the week 2,500 bales, against 11,301 last week and 14,398 last year. Today's receipts at New Orleans 1,120 bales, against 218 last year, and at Houston 7,375 bales, against 2,065 last year.

NARROW LIMITS FOR STOCKS

Downward Tendency Disappointing on the Cotton Market Yesterday. Suspension of Stock Rates Was a Factor—Conditions.

New York, Aug. 15.—On a very light volume of business, the bulk of which being so palpably professional as to leave little doubt of its origin, today's stock market drifted along within very narrow limits. The tendency was for the most part downward, and some disappointment was expressed at the failure of the market to continue last week's general advance. The suspension by the Interstate Commerce Commission of live stock rates, which were to have become operative today, was accounted something of an adverse factor.

Monetary conditions here showed greater ease, due largely to the reduced demand for the long-time accommodations, except in commercial paper, where some activity was reported.

Bonds were irregular. Total sales, par value, aggregated $955,000. United States Government 3s advanced 3-8 per cent on call. Total sales for the day, 330,700 shares.

THE GRAIN MARKET.

Chicago, Aug. 15.—Grain prices declined today, wheat leading in the descent, with a net loss at the close of from 1 3-8 to 1-58. Corn stiffened at intervals, but yielded to the pressure of wheat weakness, and dragged at the close, with September 7-8c off. Oats developed strong resisting powers, and finished only 1-4c to 3-8c off, while provisions declined from 5c to 20c.

COTTON MARKET YESTERDAY.

Extensive Liquidation Threw Holdings Upon Market—Conditions.

(Special Star Telegram.)

New York, Aug. 15.—Liverpool was depressed today with a small spot demand and from the opening here extensive liquidation threw much of the recent holdings upon the market local traders made some effort to sustain prices and eventually succeeded in making a rally as advices from Texas are unchanged.

The market is feverish and while no new buying appears the apprehension of the drought in the Southwest suffices to hold prices at about the present figures. The bureau is being awaited with interest and heavy rains would depress prices sharply. Outside of the crop appears to be doing well and the increasing arrival of new cotton is an additional bear factor.

MITCHELL TOOK NO PART

Expected Attempt to Stampede Mine Workers Did Not Occur.

Indianapolis, Aug. 15.—John Mitchell, former president of the United Mine Workers, who appeared in the convention of the organization today did not stampede the delegates for an indorsement of the Illinois strike as was predicted by many. Mitchell, after a few non-commital words this morning, when he refused to take a seat on the platform, took no part in the convention proceedings.

The roll call by districts to obtain expressions on the amount of an assessment to be levied for the strikers was completed this afternoon and President Thomas L. Lewis announced that he would take the floor in the morning and show that some of the delegates, especially President Walker, of Illinois, had made mistakes in expressing their sentiments.

Delegates, speaking at the afternoon session were about equally divided on their stand toward the actions of the international executive board.

Chicago, Aug. 15.—The Advisory Board of the Illinois Coal Operators' Association today decided to purchase a mine from one of the individual members and attempt to operate it with imported strike breakers. The attempt will probably result in a test case, as prosecutions are expected for violation of the law forbidding the importation of miners. The association also voted to sever negotiations with State President Walker, of the United Mine Workers of America.

VENEZUELA HAS ACCEPTED.

View of State Department in Regard to Import Regulations.

Washington, Aug. 15.—As the result of diplomatic exchanges, Venezuela has modified its attitude recently assumed, which threatened to keep American food products out of that country. Regulations were issued by the Venezuelan authorities in May and July, which required that sanitary certificates for the importation of food products must be issued at the point of origin and properly authenticated. The State Department took the position that this was impracticable in this country, in view of the variety of food products exported to Venezuela and the widely separated sections in the United States from whence the products are shipped.

Secretary Knox suggested to the Venezuelan government that certification of points of origin was unnecessary, in view of the stringent nature of the Federal pure food law of 1906, nuder which all food affairs are required to register with the Department of Agriculture under guarantee that the labels describing the products shall contain truthful statements.

Advices were received at the State Department today from the American Legation at Caracas stating that the Venezuela Minister of Finance had accepted this view.

VETERANS TO NORFOLK.

Both Virginia and North Carolina Soldiers to Camp There.

Norfolk, Va., Aug. 15.—Confederate Veterans of North Carolina and Virginia will hold their 1910 reunions in Norfolk. September 6th, 7th and 8th are the dates selected for the reunion of the North Carolina veterans, while the Virginia wearers of the gray will gather on October 18th, 19th and 20th.

Tonight Col. Joseph Bidgood, of Richmond, representing Gen. J. C. Ewell, commander of the Virginia Veterans, conferred with the local joint committees of the Board of Trade, Confederate Veterans and Sons of Confederate Veterans, and the dates for the reunion were selected and agreed upon.

Next month will be the first time the North Carolina veterans ever held their reunion outside the borders of their own State.

JUMPS FROM HIGH BRIDGE

Decorator Carried Out Wager—Suffered Slight Shock.

New York, Aug. 15.—As a result of a wager made with a companion with whom he had visited several Coney Island resorts yesterday, William Cruikshank, a decorator of White Plains, today jumped from the Brooklyn Bridge near the Brooklyn tower and escaped unhurt, swimming almost to the foot of Dock street, where boatmen from the schooner Normandie lassoed him and dragged him aboard.

Cruikshank was placed under arrest at the Brooklyn hospital where he was found to be suffering solely from shock.

Washington, Aug. 15.—The siege of Vicksburg will be memorialized by stone monuments and bronze or iron tablets, if the hopes of the Vicksburg National Military Park Commission are realized. The plans of the commission were outlined in a report to the War Department which was made public today.

CAUSES FOR HIGH PRICES ARE GIVEN

(Continued From Page One.)

cannot be improved upon." As what they call a "sample of the working of our combines," they say that "while everywhere else in the world the price of harvesting machinery has been appreciably reduced since 1900, in the United States it has been materially increased. The increase," they add, "started nearly contemparaneously with the Dingley tariff."

As to wages, they say that "the fear that wages would fall if the tariff were removed, and the fall in prices would not be a clear gain to the consumer, is not warranted by the experience of Great Britain. Great Britain is a free-trade nation, and it is the most prosperous nation in the world except our own. Shoals of emigrants from the tariff-ridden nations of France, Germany, Italy, and Russia go to England to work. But Englishmen do not emigrate to those countries because the standard of living is lower. The general testimony is that the rate of wages for all mechanical trades is substantially higher in Great Britain than in those protectionist countries, while the prices of necessities are lower, leaving the Englishman a wider margin to live upon.

"It is about sixty years since Great Britain adopted free trade, and during that time, according to a table published in Whitaker's Almanac, wages have increased 81.7 per cent. and prices only 3 per cent. It is, therefore, well seen that the abolition of the tariff in England did not bring down the rate of wages. Neither would it in this country. If we remove the obstruction, allowing prices to sink to their natural level, the question of wages may be trusted to take care of itself."

Replying to the majority's statement, in its report, that an "increased demand for farm products" is a cause of advancing prices, the minority cite the wheat crop as having increased from less than seven bushels per capita in 1900, to more than eight in 1909; corn from 27 to 30 bushels per capita; and potatoes from almost three to more than four bushels. Notwithstanding the increase in the price of farm products, the farmer, they say, "has realized a small net return on his labor and investment by reason of the increased cost of the articles necessary for him to purchase to carry on his business.

PEACE WITH MADRIZ.

Estrada and Chamorro Reported to be Bearing an Olive Branch.

New Orleans, Aug. 1.—That Generals Juan Estrada and Emeliana Chamorro had left for the neighborhood of Managua to carry on peace negotiations with President Madriz was the news received early tonight from Bluefields, Nicaragua.

The Bluefields American, the Insurgents' organ, copies of which were also received tonight, declare that peace will soon reign over the little Republic. Attention is called to the presence in Washington of two envoys from the Madriz government, as well as to the general belief in Nicaragua that if the war is not soon brought to a close the United States will step in with strenuous measures as soon as the Pan American Conference at Buenos Ayres is ended.

RACE TRACK GAMBLING.

Devereux Case Postponed—May Mean End of Racing in Ohio.

Cleveland, O., Aug. 15.—Attorneys for Harry K. Devereux, president of the Forest City Farm and Live Stock Company, charged with permitting gambling last week at the Grand Circuit races at North Randall, will ask for a postponement tomorrow when the case is called for trial. The object is to await further action by Governor Harmon regarding other meets. Horsemen believe the decision in the Devereux case, if he is convicted, will mean the death of racing in Ohio. Races scheduled for Rockport this week were called off as a result of Gov. Harmon's crusade against pool selling. Instead of the four days program scheduled there will be racing Wednesday only. Two $1,000 stake events will be run off.

ADMITS HORRIBLE MURDER.

Man Killed Sister-in-Law and Confessed Crime.

Los Angeles, Cal., Aug. 15.—Otto Schulz, accused of the murder of his sister-in-law, Mrs. Frieda Schulz Castine, whose body was unearthed by her pet dog yesterday at her ranch near Lancaster, was arrested tonight. He was hiding in a lodging house.

According to the police Schulz freely confessed to the crime of which he was charged in the verdict of the coroner's jury.

"She called me a dirty bull and I hit her with a shovel and finished the job with an axe," he is quoted as saying. "After calling me a dirty bull she scratched my nose and that made me mad."

MOBS IN MINING TOWNS

Gathering With Purpose to Lynch Negro—Details.

Charleston, W. Va., Aug. 15.—Mobs are gathering in every mining town within a radius of 25 miles of Quinnemont W. V., tonight intent on lynching a negro who, it is said, assaulted and murdered Mrs. John Arliss. The negro is at large.

Arliss and his bride of three weeks were walking along a railroad track last night when a negro attacked them. After beating Arliss until he was unconscious he attacked Mrs. Arliss. Arliss regained consciousness this morning and crawled to the railroad shops.

Chicago, Ill., Aug. 15.—A Federal grand jury that is investigating affairs of the Chicago meat packers devoted the day to an effort to learn whether certain stenographers note books of Armour & Co., had been destroyed by employes of the company after they had been ordered produced before the jury. It was in connection with the destruction of these note books, that Alfred R. Urion, chief counsel for the packers, was ordered to show why he should not he cited for contempt of court.

TROLLEY CRASH HURT NINE.

Head On Collision at Niagara Falls. Cars Shattered.

Niagara Falls, N. Y., Aug. 15.—In a head-on collision between two trolley cars in Gorge Route this evening, nine persons were injured, one seriously. The collision occurred at Swift Drift, at the point in the gorge where the river breaks into the swift rapids above the whirlpool. The ledge upon which the tracks rest is narrow, and on the river side there is a sheer drop of 20 feet into the churning waters.

Both cars were shattered by the terrific force of the collision, but neither left the rails.

Charles F. Vaughn, of Niagara Falls, a conductor, was critically injured. Among others injured were Samuel Sadies, of Bowling Green, Ky.

The crash came on a short trestle. When the passengers saw that an accident could not be averted there followed the wildest confusion. Hemmed in by the fierce river on one side and jagged rocks on the other, there were few that dared to leap. Samuel Sadies, of Bowling Green, was one of those who jumped and he was badly hurt, falling fifteen feet to the rocks. Had both cars been going at full speed the accident would have resulted in the drowning of scores. The fall to the river at that point is 20 feet and the current runs about fifteen miles an hour.

AEROPLANES ACROSS COUNTRY

Fourth Lap of Great Race—Le Blanc Increases His Lead.

Amiens, France, Aug. 15.—Favored by magnificent weather, the competitors in the great cross-country aeroplane race of 488 miles arrived here today, completing the fifth lap of 49 6-100 miles from Douai.

Le Blanc and Aubrun, who alone remain in the contest for the $25,000 prize, were accompanied by Legagneux.

Le Blanc increased his lead in the contest, covering the distance in 1:14:29; Legagneux taking 1:23:51, and Aubrun 1:24.12. Le Blanc's total time for the five laps thus for completed is 10:16:49, Aubrun's 10:26:57.

FATAL AUTO CRASH.

Machine Stalled Dashed Into By One of Two Others Racing.

Toledo, Ohio, Aug. 15.—Capt. Geo. H. Breymann, of this city, a marine contractor, was killed, and his wife, his sister Mrs. H. Taylor, of Detroit, and Mrs. Halling of Toledo, were seriously injured in a collision of automobiles at Perrysburg, near here, tonight.

Breymann had stopped his machine to repair a tire, when two automobiles, said to be racing, approached. The first passed within a few inches of the stalled machine, but the second crashed in at full speed.

NEW STARTING RECORD.

Made by Aviator White With Aeroplane in England.

Black Pool, Eng., Aug. 15.—C. Grahame White, the English aviator, today broke the world's record for starting in an aeroplane. He succeeded in rising from the ground in a space of twenty feet nine inches.

Lieut. L. B. Foulois, last March on the drill ground at Fort Sam Houston established a world's starting record, getting his aeroplane off in 65 feet. The previous record was held by Glenn H. Curtiss who placed the mark at 90 feet at the Brescia meeting.

ANARCHISTS AT MILEN

Feared That Attempt Will be Made to Take Life of Italian King.

Milen, Aug. 15.—Advices from the towns and villages along the Wiss frontier report extraordinary police measures, which have been taken against King Victor Emmanuel, whose life, is said, may be in danger during his journey to Montenegro to assist in the festivities when Princes Nicholas becomes king.

According to the reports several anarchists have arrived in Italy from the Argentine Republic, while others are said to have come from Switzerland.

Berne, Switzerland, Aug. 15.—M. Falneres, president of the French Republic accompanied by M. Pichon, the foreign minister, and M. Millerand, minister of public works, arrived here today on an official visit to Switzerland. He was greeted by President Comtesse and the Governmental officials, and proceeded to the federal palace. Great enthusiasm was shown by the crowd that lined the route to the palace, as this is the first time a foreign chief of state has officially visited the capital.

Washington, Aug. 15.—To determine what lands in the National forests in Arkansas can be thrown open to homestead entry under the forest settlement anent Prof. George L. Clothier, of the University of Mississippi, has begun a scientific investigation of the National woodlands in Arkansas. He will make an exhaustive study of the soils and timber, and basing its actions upon his report, the government will open the lands better adapted to agriculture than to the growing of trees.

Washington, Aug. 15.—Officials for the new land office at Fort Summer, New Mexico, who was created at the last session of Congress have been appointed by President Enrique H. Salazar, of Las Vegas, N. M., has been commissioner receiver and Arthur E. Curren, of Clovis, N. M., has been named register. The jurisdiction of the new office extends over 2,300,000 acres, which formerly were under the Santa Fe and Roswell offices.

Newport, R. I., Aug. 15.—The thirtieth annual all-comers tournament in the National Lawn Tennis championships, was begun on the casino courts today. The only match played in the second, that between M. E. McLoughlin, the youthful Californian and D. M. Grant, of Washington, formerly one of the Southern doubles champions, was the feature of the day. McLaughlin won in straight sets.

New Orleans, La., Aug. 15.—Official announcement that the 21st reunion of the United Confederate Veterans will be held May 16th, 17th and 18th of next year at Little Rock, Ark., was made tonight by General William E. Mickle, Adjutant General and Chief of Staff.

BIGAMY AND ROBBERY.

Charged With Having Four Wives and Theft of Jewelry.

Louisville, Ky., Aug. 15.—Charged with having been married four times without having obtained a divorce from any one of his wives and also charged with having stolen jewelry from Carrie Lee Warner, of Winchester, Ky., to whom he was betrothed, C. L. Frazier was arrested tonight.

Washington, D. C., Aug. 15.—Alarming news of the forest fires situation in the Glacier National Park in Montana were received by the Interior Department today. Major William R. Logan, Supervisor of the Park, reported that the flames were spreading and the number of fire fighters on the scene was inadequate to cope with the emergency. He appealed for the assistance of more troops and upon the request of the Interior Department Gen. Leonard Wood, Chief of Staff of the Army, ordered three companies of the Second Infantry to the scene.

St. Paul, Aug. 15.—In a letter received today by F. A. Day, chairman of the Democratic Central Committee, John A. Lind, of Minneapolis, who is in Seattle and who was named for Governor by the Democratic State convention in July said: "I cling to my original decision to refuse to be the Democratic candidate for governor, although I am without full knowledge of the situation."

Cincinnati, O., Aug. 15.—The Latonia Jocky Club today announced the stakes for its Fall meeting, which will begin on October 24th and will last 24 days. The Latonia track will at that time be the only one in the United States or Canada in operation.

Freckle-Face

August Brings Out Unsightly Spots—How to Remove Easily.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, from J. Hicks Bunting Drug Co., and one night's treatment will show you how easy it is to rid yourself of freckles and get a beautiful complexion. The burning sun in August brings out freckles, and as a result more othine is used this month and the druggists sometimes find it difficult to get sufficient to supply all calls. Be sure to ask for the double strength othine, as this is sold, under guarantee of money back if it fails to remove the freckles.
